To Consider Lift Of Rent Controls Here

Newmarket is to decide whether it will continue to be under provincial rent control. A special committee of council is to meet and decide whether the controls will continue here or not.

A letter from the department of travel and publicity stated that a special committee of the Ontario legislature is investigating leaseholds. It plans to recommend that an order be passed, as of Sept. 2, exempting certain municipalities from control, according to the letter.

There would be a six months waiting period after Sept. 2, in the event that Newmarket decides that control be discontinued.

A committee of council, consisting of Councillors MacNaughton, Dales, Boyd and Mayor Vale are to meet and try to arrive at a decision. There were differences of opinion at council meeting about lifting the controls.

TRIBUTE PAID TO MEMORY OF LATE J. L. SPILLETTE

Two minutes of silence marked the opening of the Newmarket council meeting on Monday night. Councillors paid the tribute to the memory of the late J. L. Spillette who was deputy-reeve of Newmarket and warden of York County.

It was the first meeting of council held since his death.

The chair at the council table which had always been occupied by Mr. Spillette will be reversed and left vacant for the remainder of the year during council sessions.

KING TWP. FARMER WINS PHOTO QUIZ

Vincent Cain, lot 9-10, concession five of King twp., just north of Kinghorn, was this week's lucky farm photo quiz winner. Neighbors had told him the good news before he saw the paper for himself but there was no doubt about the picture.

"There's where we have a play-yard for the children," he saidsaid, pointing the enclosure behind the house. Mr. Cain was in the office Wednesday morning to pick up his framed and enlarged photo and the gift certificates of $1 each contributed by each of the 30 merchants supporting the feature.

Mr. Cain has farmed there for the last five years, moving from the farm across the road.

This week's quiz is on page 13.

TOWN SELLS LAND

Town property behind the Newmarket post office for a new post office wing, to be built soon, was sold for $5,000. The town council passed a by-law for the sale of the land Monday night.

SOME PEOPLE SUFFER FROM HEAT AND OTHERS KEEP COOL

The warmest spot in town earlier this week was in the composing room of the Era and Express. Setting type on a linotype machine which has a 600 degree thermostat for melting type metal, Mona Dean pauses in the wilting heat Tuesday afternoon. In spite of fans and open windows, a linotypist has one of the hottest jobs in summer weather. How to keep cool is demonstrated below. You sit in the back yard in a plastic wading pool and sip a cool one from the spout of a watering can. It's a contrast to the hot job above. Demonstrating the "keep cool" formula is Doug Struthers, 11 months. But you can't trust the weather man. Today we need sweaters.

Era and Express photos

MUSIC EXAMS

In recent examinations for grade one theory in music, Edna Perks and Faye Rusnell passed with first class honors. Harriet Swindell passed with honors.

CAR TOSSED INTO DITCH

While Harry Wood, veteran mail carrier at Schomberg, was enroute to pick up mail at Kleinburg last Friday morning his car collided with a trailer transport bearing two motor cars. Mr. Wood's car was thrown off the road into the ditch but be escaped without injury. The new cars were damaged by the impact. Mr. Wood proceeded on his way to Kleinburg. The accident happened on highway 27 near Schomberg school.

Stolen Car Chased At 90 M.P.H., Ends At Landing, Driver Flees

DRIVER ESCAPES DEATH IN CRASH AS TRUCKS COLLIDE

How Louis Johnston, 50, of Kleinburg, escaped death when the engine of his dump truck was driven back and through to the ground beneath his feet, the frame under the seat folded to the ground, the steering wheel driven back into the cab seat and the instrument panel driven six inchesfrom the back of the seat, is nothing short of a miracle.

Johnston received concussion, lacerations and severe shock. He was taken to the office of Dr. Chas. McLean at Woodbridge and removed to Peel Memorial hospital where his condition on Tuesday was described satisfactory.

The accident happened Monday forenoon when the gravel truck was in collision with the rear of another dump truck, on the upper King sideroad, a half mile east of Highway No. 27.

Johnston was driving an L. A. Marritt truck from Pine Grove and failed to see the truck ahead of him stop. It was driven by L. A. Marritt, owner of both vehicles. Johnston said he did not see the other vehicle stop because of a heavy cloud of dust from the gravel road. The gravel in his truck was thrown on top of the cab, crushing the roof. His load was five yards of fill.

After a 90-mile-an-hour chase from Willowdale north, a stolen car went out of control and rolled into the ditch at the Holland Landing hill Tuesday morning. The driver fled.

Three soldiers who had been hitchhiking, were innocent passengers in the stolen car during the chase by police.

Constable Ted McBrien, of the Ontario Provincial Police, Thornhill, sighted the car at Willowdale after 4 a.m. Tuesday morning. He gave chase and soon was following the car at 90 miles an hour.

As the police cruiser went through Aurora, it pulled up beside the car and the officer signalled the driver to stop. The driver of the stolen auto picked up more speed and continued up Yonge St. highway.

Four cruisers rushed to the scene of the accident on the Holland Landing hill. The driver had fled across fields. Another passenger who grabbed the wheel as the driver fled, told police the name of the escaped driver.

No Rescue Craft For East Shore As Boatman Lost

A shortage of available rescue boats along the east shore of Lake Simcoe caused distress to the family of a young motor boat enthusiast, missing for eight hours on Tuesday afternoon. Marvin Reingold, 21, had set out from the family cottage near the Tides Hotel, above Island Grove. He left for Jackson's Point in the early afternoon in a tiny outboard "sea-flea".

When his motor ran out of gas, Reingold drifted helplessly six miles out on the lake.

His mother began to worry toward supper time and went to several boathouses requesting aid for a search of the lake. At several boathouses she was advised to try some place else.

Mrs. Reingold found that no boathouses had large enough or fast enough craft or no person was available to make a search. She said she became distressed and almost panic-stricken after driving up and down the shore in a taxi, looking for help.

Three boats eventually left in the evening. Reingold was found drifting six miles out in the lake shortly before dark.

He said he had run out of gas on the way to Jackson's Point, tried to paddle but that an offshore breeze had carried him out into the lake. The craft was so small and light and the motor so heavy that he could not paddle against the wind.

"The waves were pretty high in the lake and I tried to bail out the boat with my bathing suit," he said. "Another boat passed but I couldn't attract attention. A plane went over and I thought the pilot might see me drifting.

"When it started getting late, I moved the floor boards around to try and make a place to lie down," he said There was only room for one person in the cockpit of the small boat.

Craft making the search in the evening belonged to A. Applebaum, Kemp's boathouse at Jackson's Point and Lorenzo Big Canoe, Georgina Island.

Reingold was finally found by the launch piloted by C. A. Kemp, Jackson's Point.

Reingold's brother, Jack, 19, and Miss Louise Simmons attempted a search in the late afternoon but the lake became too choppy and a large launch was needed. "We said we would pay for any costs, but no boathouse people wanted to disturb themselves," Jack Reingold said.

Mr. Kemp was located at 8 p.m. and he agreed to make a search. The Ontario Provincial Police at Barrie sent a search party about the same time.

TWO DROWN

A ten-year-old girl and a 24-year-old man were drowned at Lake Simcoe over the weekend in separate accidents. The girl, Dianne Miller of North York twp., stepped into a pot-hole near the mouth of the Black River when she was chasing a beach-ball carried by the wind.

Basil Meehan of Toronto drowned at Franklin Beach where he had been swimming with friends. He was said to have been in the water only a short time.

Men of the hydro gang worked over the both victims.

FREE SWIMMING INSTRUCTION BEING PROVIDED

Free Red Cross swimming instruction is being provided for children along the south and east shore of Lake Simcoe through the Optimist Club at Keswick. In the first week, 198 children registered and in the first two days of the week, 194 were in the classes. They are instructed in water safety and swimming by Robert Thomson.

The swimming instruction is given Monday through to Saturday in mornings and afternoons with special classes in the evenings for advanced swimmers.

Classes are held at ten in the morning on Mondays at Glenwood; Tuesdays at Craigmawr; Wednesdays at Island Grove; Thursdays at Elmhurst Beach; Fridays at Orchard Beach; and Saturdays at Willow Beach.

In the afternoons at 2 p.m., Mondays at Island Grove; Tuesdays at Elmhurst Beach; Wednesdays at Willow Beach; Thursdays at Glenwood; Fridays at Craigmawr;

In the evenings at 7.30, Mondays at Regner's Beach; Tuesdays at Island Grove; Wednesdays at Regner's Beach; and Thursdays at Island Grove.

U.N. OUR WEAPON

Tells Work of World Organization

Mrs. Rose Kudelka, a member of the Newmarket Business and Professional Women's club was chosen as their delegate to the first regional conference in Ontario of the United Nations association. Mrs. Kudelka has been in Canada for nearly four years. She came from Budapest, Hungary.

In giving her report, Mrs. Kudelka outlined briefly the aims and accomplishments of the U.N. "It began in San Francisco in 1945 when 50 nations signed a Charter to make the United Nations association to maintain security after World War 11. They were determined to save succeeding generations from the scourge of war which twice in our lifetime had brought untold sorrow to all mankind. They have worked for seven years. I am convinced and it is a fact which can be proven any time, that if such an organization didn't exist, the cold war would have changed to a bloody one long ago.

"What were the problems which must be solved? What was the way to do it? They built a wonderful organization in which every question was considered and worked out by the leading experts of the whole world. Special agencies were formed later to do more efficient and successful work than had been accomplished by the bigger ones. Why? We shall see soon.

"The people of different parts of the world live in varying circumstances with different standards of living. The underdeveloped countries make up more than two-thirds of the whole world. It must be worked on a balance otherwise we can never be in a state of rest. We are living on a volcano. Any day we could be destroyed not only individually, but with our culture and well-balanced economic system.

"The special agencies are working on these problems arising from our fundamental differences, one nation to another. There are many, all important; and they spend the money which is never sufficient for saving, teaching, helping. I shall just mention some on this occasion and at another time I hope to have the opportunity to tell you of the others.

"WHO is the World Health Organization. The aim of WHO is to break the vicious circle, 'sickness breeds poverty - poverty breeds sickness'. The battle which WHO is fighting is a battle for health, not merely against diseases. They fight against the world's three main scourges, tuberculosis, venereal disease and malaria.

"The vaccines, penicilin and the DDT which they send is certainly a big help. But, the WHO advisors help governments to build and strengthen their own public health services. They are working to train health-workers which are needed most. WHO sends out books and leaflets as well as hundreds of photostats. They awarded fellowships for study abroad for doctors, nurses and sanitary engineers. They have worked on the new international health regulations and have many other phases of endeavor.

"The Committee on the Status of Women is working on all problems from political education to the question of labor. Equal pay for equal labor was recognized at this commission in 1948 and adopted by the General Assembly this year.

"The International Refugee organization, IRO is well known to the increasing numbers of unhappy refugees of Europe and Asia. It has helped more people to be happy than even the U.N. association did. Hundreds of the homeless from the war-torn countries of Europe and Asia have been brought to new countries where they have been able to begin a new life and to bring up their children in peace and security.

"I could speak for hours on the wonderful work of such special agencies as the United Nation's International, Children's Emergency Fund, U.N.I.C.E.F. and the U.N. Educational, Scientific and Cultural Organization, U.N. E.S.C.O. but for now I shall mention the work of the FAO, Food and Agriculture organization. . . . Balancing food and people is how they describe the work of this agency.

"During the past two years under a plan called the expanded program of technical assistance about $12 million have been spent in training technicians and sending them to the countries throughout the world where they are needed. They work in a very different way, each time the help must be adapted to suit the particular country. . . .a cinqu-processing plant for Yugoslavia; a fish farm in Siam. Afghan peasants were taught by Swiss farm experts sent by FAO. An Iraq expert was sent to Saudi-Arabia to teach them date culture. A Paraguayan expert went to Honduras to show them how to work out a system of rural credit. In all, 845 fellowships were awarded for study abroad with the stipulation that each specialist would return to his own country following the completion of his studies. The food shortages in the under-developed countries are the greatest dangers of the world.

"Just a few words about the two top organizations of the U. N., The General Assembly and the Security Council. The General Assembly was planned as a kind of world-government. The Security Council can't fulfill the part expected of it. The Assembly holds its yearly meeting in different countries. This year it met in Paris. We read about it in our newspapers but can't understand much of what has happened there. Peter Stursberg, well-known through his CBC broadcasts told us a the U. N. regional Ontario conference that one day somebody asked him, "What did you and all those ministers of foreign affairs do in Paris? What did you accomplish by that meeting?" 'We met', was Mr. Strusberg's reply. And that is true. It is a fact that even if nothing concrete evolves from such occasions the people of different countries have met, one with the other.

"The Security council was planned to be the most important part of the U.N. Its task would be to prevent any aggression and to punish aggressors. In 1945 at the organization meetings in San Francisco they were certain that all the members of the U. N. who had fought together for the demeratic world would continue to think and act in the same way. They included one rule stating that if only one member of the council was against a motion he could use his veto and prevent the motion from becoming a resolution. They didn't thank that the world would form immediately into two camps. with Russia on one side preventing every motion a democratic country would bring up from being carried.

Power of Vito

"Because of this power of the veto which one dissenting country could use it was necessary to organize another group, NATO. It is well known, perhaps too well. It is the security, the military association of the democratic countries.

"I say too well known because this military part has become too important. It could easily bring about a new world war. But we will not have a stupid and bloody war which isn't a solution of anything. It just brings suffering and misery. We will work, that is, the U.N. will work with every effort and with every means for peace. To accomplish this everybody must be convinced that this is the right way.

(Page 7, Col. 3)

No Decision Yet On Main St, Program, Can We Pay It? - Vale

A survey of Newmarket's Main St. has been completed but the town council has not yet made a decision to go ahead with an improvement program.

The council had been informed that York County council had budgeted approximately $40,000 as its share of putting Main St. into good shape.

The county's share would be $70,000 in two years.

"It is such a major project, I don't know whether we can afford it now," said Mayor Vale.

Town Engineer Denne Bosworth said he would have a full report next meeting as to complete costs and the amounts shared by the county and department of highways.

"From Water St. to the top of Main St. hill would be the program for this year," said Mr. Bosworth.

The mayor wondered whether the county would still share the cost if the program were postponed. It was suggested that council obtain an agreement with the county this year but it was pointed out that the county would want to set a date for the start of the program.

Mr. Bosworth pointed out that some officials are "worried about the dissolution of the Toronto and York Roads Commission". It has been feared that in the event of amalgamation of part of the county with the city, Newmarket could lose out on financial assistance from the county for the Main St. project.

Merchants are wondering if the Main St. will be torn up this summer. Some are concerned about where the sidewalk level will be in front of their stores. It is expected to be a complicated engineering job since there are several levels in sidewalks and store fronts on Main St.

SCHOOL RESULTS

School results for Prince Charles and Stuart Scott public schools in Newmarket can be found on page 3 of this week's issue. Rural school results received to date are found on page nine. Additional rural school results will be printed as received.

BELIEVE CORNER DAVIS DR., YONGE TO BE IMPROVED

The provincial department of highways has expropriated land at the corner of Davis Dr. and Yonge St. It is believed that the corner, scene of many accidents, is to be improved.

The front part of the property of Charles Tugwell, Yonge St., has been expropriated. At a meeting of Newmarket council Monday night, a building by-law concession was granted for a new home on Davis Dr. It was stated that the front part of the Tugwell house had been expropriated.

"The department of highways must be planning some extensive work at the corner," said Town Engineer Denne Bosworth.

TOW BOAT TO SHORE

Art Coltham, Newmarket, and Stan. Fry, Toronto, towed a boat into harbor after it was adrift on Lake Simcoe Sunday. Mr. and Mrs. Wiles and some friends were stranded on the lake and were taken to shore by Coltham's motor launch.

Bus Line Said To Be Operating At A Loss Town Route Changed

A new change in the town bus route, effective Monday, is a last measure to encourage more passengers and keep the bus lines on a paying basis, according to the management. The line is said to be operating at a loss.

Larry Needler, a partner in Newmarket Bus Lines, told council Monday night that if the new route does not bring an increase in passengers, the town bus line "would have to be discontinued or subsidized".

He told council that the town line has been operating at a loss for some time. Passenger totals show that the summer months are poorest.

The new route will take in the west and north west sections of town in a two-section belt line. The route serving the west side of town will take the bus from Timothy and Main corner south to Eagle St., through Armitage Heights, east on Eagle to Lorne, north on Lorne to Millard, east on Millard to Niagara, north on Niagara to Davis Dr., east on Davis Dr. to Main and south on Main to Main and Timothy corner.

The east side bus will travel from Timothy and Main east on Timothy, north on Prospect, east on Davis Dr. south on Roxborough, through Connaught Gardens, on Muriel to Gorham, west to Prospect, north on Prospect and west on Timothy to Main and Timothy corner.

Members of council said they had no objections to the change in route. The management had indicated several weeks ago that the town bus line was operating at a loss.

During winter months, passenger totals are higher. Totals show that the highest number of passengers a week was 4,000 or slightly over. During the warmer weather, totals dropped to around 3,000 and lately, weekly passenger totals have been under 3,000.

A slump in industrial employment has been blamed for the drop in the number of passengers to a certain extent.

The town council has not yet gone into any serious discussion about whether the bus lines should be subsidized by the municipality or not, in the event that it cannot continue to operate on a paying basis.

COMING EVENTS

SATURDAY, JULY 12—Gigantic bingo in the Stouffville Arena sponsored by the Stouffville Athletic Club. Hundreds of dollars in the finest bingo prizes ever offered—Dack Shoes, Sports Coats, 50 gals. gas, Cedar Chest, Chrome Kitchen Set, Silver Service Set, Axminster Rug, Beatty Electric Ironer, Krochler Relaxer Chair—many regular $5 value games—time 8.15. c1w28

The Bible school that has been held the last two weeks by Rev. G. Killen and Mrs. Killen was well attended.

Quite a number from Mount Pleasant attended the funeral of Mr. Warren Morris at Markham.

Mr. and Mrs. C. Moulds of Toronto and Mrs. Warren Morris and son of Markham visited Mr. and Mrs. Wm. Moulds last Sunday.

Mr. and Mrs. Bernard Davidson and Mr. and Mrs. Jack Bosworth called at the home of Mr. Herb Moorby of Gormley on Friday.

Mr. and Mrs. Robt. Davidson and Mr. Fred and Miss Nellie Kellington spent Tuesday at Lakeview with Mr. and Mrs. Harry Davis.

Mrs. Bernard Davidson spent Tuesday at Malton with her brother, Lloyd Stiles, and family.

The Women's Guild will meet on Tuesday, July 15, at the home of Mrs. Bernard Davidson at 2.30 p.m.

Mr. Gordon Stiles of Newmarket has been spending his holidays on his father's farm, assisting with the harvest.

Mr. Bernard Davidson and George and Mr. Frank Knights attended the hog producers' meeting at Guelph Agricultural College on Thursday.

KETTLEBY

Mr. and Mrs. Norman Greensides attended a convention of the Mutual Life at Digby Pines, Nova Scotia, recently.

HOLLAND LANDING

United church W. A. of Holland Landing is holding an ice cream social and bake sale at the home of Mrs. Cecil Brittain on Friday, July 18, at 7.30 p.m. to nine. All welcome.

Queensville News

Mr. and Mrs. Frank C. Sennett of Detroit, Mich., are holidaying with Mr. Sennett's mother, Mrs. S. Sennett, and Mr. and Mrs. Ronald Sennett and family.

Misses Joan Mitchell and Marilyn Wrightman of Newmarket spent the weekend with Miss Yvonne Johnston.

We wish a speedy recovery for Mrs. Tom Besant who is a patient in York County Hospital, Newmarket.

Miss Mary Marsh is holidaying with Mr. and Mrs. J. B. Aylward.

Mr. and Mrs. Matt Craig of Detroit spent the weekend with Mr. and Mrs. Wm. Fifield.

Mr. and Mrs. Ken Davis and daughter of Toronto visited Mr. and Mrs. J. Pinder on Saturday.

Master Larry Winger is holidaying with Mr. and Mrs. Allan Doner, Gormley.

Miss Olive Sowerby of Toronto spent the weekend with her aunt, Mrs. S. Sennett.

Mrs. J. W. Everingham of Stoughton, Sask., is visiting her son-in-law and daughter, Mr. and Mrs. Don MacMillan and family.

Plan to attend the United church picnic at Innisfil park on Wednesday, July 16. A chartered bus will leave the church at 10.30 a.m. Those going by bus buy your ticket from either Mr. Reg. Strasler or Miss Barbara Comer. Everyone bring along a picnic basket. Everyone welcome.

Miss Marie Burgess and Master Lorne Burgess spent a few days at Wasaga Beach with their grandparents, Mr. and Mrs. H. Wideman. Mr. and Mrs. E. Burgess also spent Sunday there.

Mrs. W. T. Huntley is spending a holiday at Oneanta, New York.

We wish a speedy recovery for Mr. Harry Hulse who is confined to bed for a rest for a few weeks.

Miss Jean Cunningham of the Bowmanville high school staff is holidaying with her parents, Mr. and Mrs. Floyd Cunningham.

We extend sympathy to the family of the late Mrs. Elmer Peters (Marjorie Hillaby) who was buried from the Strasler Funeral Home on Tuesday.

Master Allan Leck of Sudbury is visiting his uncle and aunt, Mr. and Mrs. Rex Smith

Master Bobby Mahoney had an unfortunate accident on Monday when he was hit by a car while riding his bicycle on the highway. We are very pleased that Bobby was not seriously hurt.

A record traffic through the village was reported on Sunday.

Work has begun on removing the dangerous approach to Hillside school on the crest of the hill. This has been a very dangerous entrance for pupils and motorists for years.

Mr. and Mrs. H. Jordan of Rochester, N.Y., visited on Friday at the home of their niece, Mrs. E. Burgess and family.

Mr. and Mrs. John Wyker and children of Ogdensburg, N.Y., spent several days at the home of Mr. and Mrs. W. T. Huntley.

The ladies of the W.I. enjoyed a bus trip to Niagara on Tuesday. They waited to see the illumination of the falls at night.

The program has been booked for our annual sports day, Saturday, Aug. 2. Jack McLean, comedian, is master of ceremonies. Other performers are Helen Bruce, personality singer and comedian; Harold Dagg, dancer and comic, with lots of fun for children; Len Moss, accordion player and pianist; and Russel Payne, xylophone player.

Mr. and Mrs. Frank Johnston and Carol attended the Hales reunion at Jackson's park, Peterborough, on Saturday. They also visited Mrs. Johnston's mother, Mrs. Lansing, at Bancroft for the weekend.

Mrs. Clarence Price and family of St. Lambert, Que., spent several days with her sister, Mrs. L. Wellman.

The United church service will be held at 11 a.m. for Sunday, July 13 and 20. Rev. A. Miller of Newmarket will be the guest speaker while Rev. Warren is on holidays.

Zephyr News

Rev. Mr. Storey, student minister, will occupy the United church pulpit during the month of July while Rev. and Mrs. Thornloe are on their vacation.

Mr. and Mrs. Bruce Lockie and family of Miami Beach spent Sunday with Mr. Thos. Cain.

Mr. and Mrs. Jas. Galbraith are holidaying at Mr. and Mrs. Geo. Parker's cottage at Port Bolster.

The W.A. of the United church held their June meeting last Thursday evening in the Sunday school room. There was a good program. Among the numbers was a piano solo by Miss Elva Stark, and a very interesting reading, "God's Standard of Grace" by Mrs. Mervin Rynard.

Considerable business was transacted and a splendid lunch was served by the hostesses for the evening. The next meeting will be the first week in August and will take the form of an ice cream social.

Owing to the decoration service held in Zephyr cemetery, the usual evening service of the United church was withdrawn.

A number of friends and neighbors gathered at the home of Mrs. R. Shier on Thursday last, the occasion being a shower for Miss Nesbitt, our junior teacher, who is to be married shortly to Mr. Ball of Uxbridge. Miss Nesbitt received many useful and beautiful gifts. We understand we are not losing our popular teacher but she intends to resume her duties as teacher again after the vacation.

Mr. Donald Hewlitt is taking a summer course at the Toronto Normal school.

PLEASANTVILLE

We welcome to our burg Mr. and Mrs. Roy Cody who are spending the summer at their home, formerly the Holman property.

Mrs. Colville and Mrs. Hawtin were Thursday dinner guests at the home of the Williams, Bogarttown.

Little Miss Verna Sheridan is spending a week with her grandparents, Mr. and Mrs. Frank Sheridan at Stouffville.

Mr. and Mrs. N. Waltho, Frank and Gordon Waltho enjoyed a holiday at Windsor recently.

Mrs. A. Richardson, Howard and Millie Richardson, Aurora, Mrs. G. McClure and Mr. E. Madill spent part of July 1 at the home of Mr. Orley McClure, near Port Perry.

Guests for Wednesday dinner with Mrs. Colville were Mr. and Mrs. Frank Hicks of Toronto.

Miss Erla Toole, now of Oshawa, is spending this week with her parents and brothers.

Miss Dorothy Ratcliff of Toronto was a weekend guest at the home of Mr. and Mrs. Jack Preston.

Mr. and Mrs. Wm. Glover and family, also Mrs. Gardner, had a wonderful July 1 day at Woodland park, an ideal place for private picnics.

The Willing Workers are having an ice cream social at the Pine Orchard Union church on Friday, July 18.

Mr. Stuart Starr left on Sunday for Quebec to board a liner for England for an indefinite time.

Newmarket Furniture and Electric Ltd.

Phone 1232 - Main St. - Newmarket

To make a good profit from your pullets this year, you should have them coming into production within the next month or two. The price of eggs has started to rise, so to get the most out of your birds they should be laying large eggs—and plenty of them—early this year. This can only be accomplished by feeding a good balanced ration.
SHUR-GAIN Growing Mash will help make your profit in two ways.

(1) By bringing your pullets into high production early early in the season, which gives you the advantage of realizing the highest prices.

(2) SHUR-GAIN Growing Mash is manufactured at your local mill and sold direct to you. You save the middle man's profit which now becomes your own.

The Common Round...

By Isabel Inglis Colville

ORATORIO AND CONCERT DEBUT

After being in seclusion for nine weeks, it was wonderful to be met on coming out by two events, each in its own way, outstanding. I entitled this column "Dawn and Twilight" because in people, as in nature, these two parts of a day or a life are beautiful.

The dawning—the opening out—of a day or of a life is full of promise. It holds within itself such potentialities of splendor or of doom, while twilight has its beauty of softer tones, of rest after labor and possibility of quiet work and enjoyment.

I'll call the first half of this article "the dawning of genius", for those of us who were privileged to attend the recital of Klemi Hambourg of the House of Hambourg's pupils, would have heard as guests on that recital program, two of our very young town folk who overstep the border line between talent and genius.

I refer to Denise and Myles Tunney. Archie and I were delighted to see so many young people starting on the violin. They face a long and difficult road, but with what a goal before them! And with a teacher in Klemi Hambourg, who is able to enter into every difficulty and to give the leadership and encouragement, enthusiasm and correction that only one who has reached a high point in violin virtuosity can give.

We liked the introductions that Mr. Hambourg gave — the little intimate touch that made us feel we knew the performers and it was delightful to watch the intense concentration of each pupil and the attention given them by fellow performers and audience.

All were a credit to their teacher, but in my limited space, I can only mention a few. There was a trio that was lovely, and made especially so by father and son playing 'cello and violin, and by a very young and very fine piano accompanist—a boy of about 14, I would say. We also admired Diana Deane, whose mastery of the bow was very fine. There were also two young men who will some day be violinists.

But now to come back to Myles. He is a pupil of his Aunt Hilda—Miss Tumelty, who is herself a pupil of Klemi Hambourg. He was by far the smallest child there. He stood firmly on his own two small feet, and with a look of intense concentration upon his face, handled his bow like a veteran. He played first a duet with Hilda and then a solo announced by himself. The accompaniment was by Denise at the piano.

There was something about Myles when he announced his own number that touched off delighted laughter in that critical audience. There was very real applause when he showed that he could produce pure, perfectly pitched tones. We'll watch Myles but when Denise, who was like an old fashioned picture in rose taffeta with her blonde curls shining, sat down and struck the first chords of the Rhapsody by Eckstein, her mother and Archie and I, who were sitting rather far back, watched with some amusement and more gratification how heads flew up and necks craned and people in corners stood up. Here was not a child playing, but the artist that inhabits the body of this little girl and takes possession when Denise sits down to the piano.

There is some inner font of genius that makes of Denise and her piano a complete and satisfying entity. Denise is a pupil of Kenneth Mills of Toronto.

Twilight of Consecrated Lives

The evening of Monday, June 30, was one of those evenings when nature seemed to celebrate some high festival, pouring the perfume of flowers, the choral beauty of bird song and the benediction of golden sunshine.

Nature, as I say, may have been celebrating but then, so were a great many others, these being the loving and admiring friends of Rev. and Mrs. J. A. Millar who were hastening to Queensville United church to give concrete evidence of that fact.

Our little party consisting of Hilda Tumelty, Denise and Myles Tunney, Elsie McClure, Archie and I, had time to get violins tuned and find a nice little corner from which to view the proceedings. It was good to watch Newmarket and Queensville friends burst in and mingle in pleasant fellowship. It was good to see Mr. and Mrs. Millar in the midst of that warm, friendly gathering.

Mr. Millar looked as he always does, good and friendly and dependable. And Mrs. Millar looked lovely in a gown of an exquisite pastel shade of mauve with a necklace and earrings of brilliants, and a white picture hat. Her costume was complete when Mrs. Elgin Evans presented her with a beautiful corsage of roses.

With Rev. Warren of Queensville as chairman, a short program was presented. Letters from Rev. Henry Cotton, Mr. G. Manning, Rev. Basil Thompson, Leaside United church, Rev. Gordon Domm, Bathurst United church, were read by Mr. Hooker and Mr. W. Brooks. The letters expressed regret that the writers could not be present.

Little Miss Jean Arkinstall sang two delightful numbers. Murray Huntley in his two songs gave the same pleasure to the audience that he always does. Dr. Margaret Arkinstall accompanied her daughter and Mr. Huntley. Dr. C. S. Gilbert sang two songs and everyone joined in on a chorus of "Put On Your Old Grey Bonnet" led by Mrs. Millar.

Mrs. Warren gave a reading about the man whose wife chose his clothes. Myles Tunney and Hilda Tumelty played a violin duet, accompanied by Denise Tunney and joined in the last verse by Archie and me.

Short speeches were given by the ministers present, Mr. McMath, Mr. Aiken and Mr. Warren. Each of these paid tribute to Mr. Millar's 50 years of devoted service to his God, his church and the people he served. Listening to these men who also served, though for fewer years, one felt what a strength and loyalty of purpose, what a dedication of life must sustain those who carry the banner of the cross, and more, to raise it high for 50 years.

Then came a very pleasant, a very important part of the program. Mr. Hooker read an address of appreciation and recognition from Mr. Millar's friends. He called upon Mr. Elgin Evans who, with a few earnest words of congratulations, presented Mr. Millar with an envelope containing a substantial token of the regard in which he is held.

Mr. Millar first thanked his friends who had given Mrs. Millar and himself this unexpected gift and also the people of Queensville church who both on Sunday and on that evening had shown their friendship in such a delightful way.

He spoke of his boyhood and his determination in spite of obstacles to enter the ministry and of the joy of service when that goal was reached. A minister's life might be hard at times but it was never monotonous. It had its sadness, its humor and it joy. There was always the incentive, the eagerness to do the will of the Master.

For 45 of the 50 years, Mrs. Millar had labored beside him, a true helpmate. And now he had come to the point where service was curtailed but not stopped and he could only wish he had 50 years ahead to do more service in the beloved cause.

The ladies of Queensville United church served a delightful lunch and before Mr. and Mrs. Millar was placed a beautiful cake suitably inscribed. Mr. H. Jackson, in a most appropriate speech, thanked each of those who had contributed to make the evening a success and then everyone went home, happy that 50 years of service had been appropriately acclaimed.

OBITUARY

Margaret I. Thirsk

Margaret Isabel Thirsk, 72, of 394 Whitmore Ave., Toronto, died recently at Sunnybrook hospital.

Miss Thirsk was born in Mount Albert and has resided in Toronto since 1922. She trained as a nurse at the Cobourg hospital, later taking charge of the Wellander Hotel hospital in St. Catharines. From there she went to the Chatham hospital as assistant matron and later matron.

A nurse for three years with the Canadian Army Medical Corps, Miss Thirsk was serving in France when the Canadian Army Hospital was bombed and a number of nurses killed. For her bravery in the war she was awarded the Oak Leaf.

When she joined the Medical Corps, Miss Thirsk was matron at Walkerton hospital. Miss Thirsk returned to Christie St. hospital for one year, retiring in 1925 after a period of private nursing in New York and Toronto.

For four years after her retirement she travelled with her nephews, the Eckhardt Swiss Bell Ringers, on tours from Halifax to Vancouver. She leaves two nephews and three nieces. wat,z9flld,cmcdMw ithof afadko

THE EDITORIAL PAGE

Pages from the Editor's Notebook

It is apparently necessary to explain that it was not an air-raid attack on Holland Landing on Saturday night, and it was not an air raid siren that was heard moaning over the district for 20 minutes or so. Wait a minute. We had better qualify that. It was an air raid siren but it is no longer used for that purpose. What excited numerous telephone calls and back fence conjecture was really a fire alarm. The fire was in some fruit baskets stacked behind a warehouse on the marsh. The Holland Landing fire brigade answered the call and doused the fire in short order.

But to get back to the siren. The whole story, as we hear it, goes something like this: The Landing brigade used to depend upon a steam whistle on top of Goodwin's Tannery to signal a fire but sometimes the fire whistle was confused with whistles from the trains and other times, when the tannery fires were banked for week-ends or holidays, there wasn't enough steam for more than a faint toot which no one heard.

So the Landing firemen decided to get a louder and more distinctive alarm. And in due course, they purchased a second-hand air raid siren from along the lakeshore somewhere. The siren is mounted on top of Goodwin's Tannery and its initial tests proved completely satisfactory. That is to say, everyone within a five mile radius could hear it, even in a sound sleep.

On Saturday night, when the fire alarm came over the telephone, the first fireman to reach the hall turned on the siren, hopped on the truck, and roared off to the fire. The other firemen followed in cars and trucks as fast as they could — and no one was left who could turn the siren off. With the firemen at the fire, the siren wailed for the next 20 minutes or so until with the fire under control, the chief sent back someone to turn the siren off.

Arrangements have since been made to have someone turn it off after a decent interval.

One way or another, it certainly stopped the traffic on Yonge St. and we know of nothing else which could.

• • •

We've had a couple of letters on hand which, for one reason or another, we've not been able to print. The first concerns a rumor that the Newmarket Bus Lines will be discontinuing services because of lack of passengers. Our correspondent suggests that a wider area be covered by the bus and that members of council give advice on its operation from their own experience.

There is nothing at all definite about bus service. We understand that the bus operators are scheduled to appear before council and see what can be worked out.

• • •

The other letter was written to Mrs. G. E. Case in response to her request for public discussion on the proposed library building. Mrs. Case passed it on to us. The writer favors the new building wholeheartedly. "The increase in taxes (to pay for the building) would be small and seems to me a minor consideration for so important a community service," she writes.

She suggests that members of the board visit the library at Burlington where the librarian, a Mrs. Angus, has done much to make it an attractive centre of public interest.

From the Files of 25 and 50 Years Ago

JULY 8, 1927

A large part of the success of the Jubilee celebration must go to a newcomer—radio. The first stroke of the carillon at Ottawa was heard in Halifax and Victoria before it reached the outskirts of the crowd at Parliament hill.

More than 200 persons lost their lives in the July 4 celebrations in U.S.A. More than 250 men were injured in New York city by fireworks.

The continuous sounding of the fire alrm about 8 p.m. on Monday drew a large crowd to the corner of Main and Ontario streets. The prompt arrival of the brigade soon extinguished the flames by chemical apparatus and prevented an explosion that would have wrecked all the buildings in the vicinity. The blaze started when Mr. Black, who is in charge of the B.A. oil station, lighted his pipe and threw the match under a gas truck which was running a supply of gas into the station tanks. The rear end of the truck was badly damaged.

The town was never so well decorated as it was for the Diamond Jubilee. Prizes for the best decorated dwelling were offered by council and those winning the awards were Mrs. Bingham, D'Arey St., $25; Mrs. Howard Cane, Huron St., $15; Mr. Ed. Willis, Main St., $10. Main St. had a gay appearance; shields and flags were attached to every telephone and hydro pole; large flags hung at intervals in the centre of the street, and strings of light bulbs added to the brilliance in the evening.

At a council meeting Monday night the Office Specialty Co proposed to pay half the cost of cleaning out the pond at the south end of town, building a permanent concrete dam, with retaining wing, and a retaining wall to protect the waterworks building.

JULY 11, 1902

Six double rigs and a number of buggies took the Christian S. S. to Lake Wilcox on Tuesday. Everyone reports a wonderful time. Dinner and supper were served and the rigs returned about 8 p.m. It is a two hour drive to the lake.

Work was commenced on Monday at excavating for the new Sovereign Bank building on the old North American hotel property.

Excavating has also started for Mr. C. E. Cane's new residence on Queen St., and the town water service put in.

Mr. E. B. Hoover has commenced extensive alterations on his premises on Srigley St. A new stone foundation has been built under the house. It will be enlarged and remodelled inside, a second storey and front veranda will also be added.

New potatoes are selling at 40c per peck and green peas at 30c a peck.

A severe electric storm passed over town last Saturday, frightening many but causing little serious damage. A flash of lightning followed the wires into the Era office which carry the power for our typesetting machine and a bright blaze shot out from the wires. A fuse blew and saved the motor. Several men at Cane's factory were terrified at the way lightning flashed around the saws. At the primary school a thunder clap shook a portion of plaster from the ceiling. A large wash-out on Timothy St. was also the result of the storm.

HEH, HEH, THAT'S WHAT THEY THINK

INDIVIDUAL RESPONSIBILITIES

Two died at Lake Simcoe over the weekend and if the statistics of other years are to apply, ten more will have similarly died at the lake before the summer is out. There is no record of the countless close calls, but again, if the experiences of other years apply, they will be numerous.

Protecting the beaches along Lake Simcoe is a problem which cannot be easily solved. If all the swimming and boating were confined to limited number of public beaches, they could be kept under constant surveillance by life-guards. Proper equipment could be kept handy to those capable of using it.

The fact is, however, that public swimming is not limited to the few large beaches but is spaced along the lakeshore road wherever there is public access to water, and additionally, there is swimming and boating all along the shore off private land. The latter, because of the familiarity of their owners with the beaches, and because swimming is limited to the owners and their families, are comparatively safe but still, accidents have happened.

Swimming at boat liveries is safer too because of the increasingly stronger emphasis placed upon safety by the proprietors, not only in their boats, but of their docks and their vicinity. It still remains, however, too costly a proposition to watch every stretch of public water. And it is a sorry fact that life-saving equipment, placed at some of these beaches, has been stolen or thoughtlessly destroyed.

There is a good deal of talk about a life-guard service along the beach and it is to be hoped that such a service can be implemented, but the surest protection against accidents in the water is common sense and where children are involved, a constant vigilance by adults.

Possibly there are occasions when water accidents are unavoidable but we doubt it. We question too the extent to which a municipality must be held responsible for water safety. If it were possible, life-guards every half mile along the shore would be ideal. But it is not possible, and would not be necessary of everyone who approached the water did so with a recognition of its hazards as well as an anticipation of its pleasures.

PROTECTING ROADSIDES

The beauty of the roadsides in this area are an attraction which should be preserved and encouraged. Two obstacles to that program are the practice of indiscriminately dumping surplus produce and garbage on the roadside and indiscriminately spraying the roadsides to kill weeds. There are laws to prohibit the first although, heaven knows, it is difficult to detect dumping "in the act" and to bring the offenders to court. The only sure prevention is the development of a pride in our surroundings and even that is not proof against the outsider who has no such pride.

But surely there should be no difficulty in ending the indiscriminate spraying of the roadsides. The cure here is a simple application of common sense. We are as in favor of eradicating weeds as the next man but why is it necessary to spray roadside stands of trees. Trees are not weeds and there are too few weeds growing in the denser bush to warrant such wholesale spraying. Because these roadside stands were sprayed, the tree foliage is brown and withered and if the spraying is continued, in time no doubt the trees will be killed. We don't see what is gained but we do see a considerable loss if that comes about.

GETTING WARMER, FOLKS!

We were encouraged by the title of Rachel Carson's book, The Sea Around Us, to attempt a little casual reading over the weekend. It seemed almost too warm for even that sedentary effort but the title was suggestive of a day at the beach cooled by an ocean breeze. Anyway, Mr. Mickey Spillane's latest hasn't reached our news-stand yet and Miss Carson's book was only an arm's length away.

It was fascinating reading and we had forgotten the heat until the chapter in which she discusses the influence of the sea upon the weather and we discovered to our dismay that the polar ice cap is receding and the weather, sure enough, is becoming warmer in these parts.

Miss Carson relies upon the Pettersson theory of tidal cycles to explain this warming up process. The theory is rather complicated but the main point is that by the year 2400, the coast of Greenland will be a right comfortable place to vacation at and summer sports will be the thing in Baffinland.

All of which makes us wonder how much warmer will be the hills of North York at that time. Will there be palm trees along the Barrie highway instead of pines? Will bananas replace apples? Will the Queen of the Snows become the Bride of the Desert? In the meantime, would some one check the weather forecast again to see if there's a cold wave on its way?

PUZZLING POLICY

It has been said that the per capita cost of food in Canada last year was $245 and the per capita cost of government was $285, and Canadians, by and large, are well fed. Not all of that $285 was federal tax money, only about 60 percent of it, but when one hears the reports of mounting surpluses in Ottawa, the proportion is quite large enough.

Finance Minister Abbott insists that the surplus for the first two months of this fiscal year, $241 millions, gives a misleading impression of the national finances. He says that the government has not yet begun its heavy spending and that when it does, the surplus will melt. We've no doubt of the government's capacity to spend but even so, $241 millions is a lot of millions to shuck off. And Mr. Abbott, in the past, has not always been the best judge of how these matters are going. Last year, he budgeted for a surplus of $30 millions and ended with $355 millions. This year, he is budgeting for $9 millions.

But apart from this, we are somewhat puzzled by the workings of a government fiscal policy which argues that the surest way of slowing inflation is to withhold money from circulation. That was one of the cornerstones of the federal anti-inflation policy which so far seems to be working right well. But if it works only because of these surpluses, we wonder what will happen if the government starts spending the surpluses as Mr. Abbott says they will.

We can't see the difference between the government spending it and the individual spending it; if inflation is discouraged by with-holding money, well and good, but governments were not intended to be the repositories of surplus funds. So much cash lying around the nation's capital might encourage the government to become just a little extravagant. Or in the words of one minister, "What's a million?"

Frankly, we are just a little bit disturbed by it. If it would help, we'd be happy to salt away a rebate in income taxes in the bank should Mr. Abbott care to consider that possibility. After all, we have something of a personal interest in that portion of the surplus and we'd be less likely to fritter it away in inflation provoking spending.

EDITORIAL NOTES

There is sound, scientific reason for the increasingly milder climate in the north but we are just wondering if there is any relation between the current heat wave and the political campaigns to the south of us.

It looks as if something might be done to improve the Davis Dr. and Yonge St. intersection in time. The department of highways is said to have expropriated land around the corner. We've not had time to confirm this but if the news is true, it is most welcome.

There has been some talk of a blinker light or other forms of warning at the corner of Davis Dr. and Main St. If so, another hazard will be ended. Heaven knows that corner is bad enough. Through traffic from the east and through traffic from the south; that's all that is needed to make the grand-daddy of all smash-ups.

While on the subject, how about the corner of Davis Dr. and the third. There is a potential hazard there too.

Although still far from being completed, the new fire hall is beginning to improve the corner of Millard Ave. and Main St. with its smart appearance.

The dates for rebuilding Main St. are still uncertain. If they wait much longer, and the heat persists, nature will have taken care of much of the job itself. The tar is running in the heat and the surface is developing blisters which will eventually become typical Main St. pot-holes.

Complaints from Holland Landing about the state of the Holland River prompt enquiries about the state of Newmarket's sewage disposal plans?

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

Office Cat Reports Catnips By Ginger

It would be nice if we could swim in Fairey Lake, if the old mud hole were cleaned up like the boss suggested in an editorial.

A nice cool plunge off the water works sea wall down there would be welcome on any of these scorching days. There, would be many advantages to cool, crystal-clear water running down that river. We could stock it with trout and angle up and down the river. Just think of tanning that stream with a fly every week-end.

The conservation authority they formed along the river has a perfect chance to keep out the cows and horses upstream, plant cedar trees along the shore and ban sewer water from Aurora. The opportunity is awaiting a real good conservation authority.

But the most important result of such a project would be the change in scenery. It would be like a shot in the arm for Newmarket; scenery never before seen in Newmarket would give the town a new, refreshing personality, I maintain.

Just think of it! Pretty girls in bathing suits, for the first time in Newmarket. On searching through the Era and Express files, I could find no reference to girls ever having been in bathing suits here since this newspaper was founded in 1852; shorts on occasions, but never bathing suits.

Visualize a beautiful form executing a jack-knife dive down by the Water St. dam. Shut your eyes and conjure up such a beautiful, cool spot, with the twitter of rippling, gay female voices carried by gentle summer zephyrs and, of course, laughter of children.

"It would be good fer business in many ways," Slim Q. Bliggens asserted. Having quit his job as bass violin player in the summer orchestra at Monstawin Inn, plush resort in the lake district, Slim said he would consider opening a hot dog and pop stand near Fairey Lake in the event of a clean-up project.

"I would also be free to accept a position as lifeguard, raft supplied by me," Slim has said.

But all this talk about a sparkling swimming paradise, fishing and pretty girls is merely wishful thinking this summer. What have we got? We have got a mosquito infested, swampy pond, covered with algae, not the one around Main St., but the stuff like sea-weed which grows in stagnant waters.

The only beings which survive at the place are a family of wild ducks which this paper referred to recently and a half-breed species of gold fish which have acquired an astounding resistance to their unnatural environment.

There have been many campaigns in the past to encourage the construction of swimming pools or the daming up of Bogarttown creek and we have even been on this subject of the Fairey Lake cesspool before.

Don't you think that your favorite correspondent has injected something fresh into this approach to the swimming pool suggestion? I mean the pretty girls in bathing suits angle, first time in Newmarket I mean.

There have been enough drab campaigns in this town. What we need is something new and splashy.

One of the town organizations must get behind it, instead of harping on a swimming pool, with such unimaginative slogans as "A Swimming Place for the Youth of Newmarket" or "Support the Swimming Pool Fund", rather we would employ cheesecake art.

"Pretty Girls In Bathing Suits For Us" should be the slogan, or "We May Be Landlocked But We Haven't Lost Our Eye For Beauty — Open Fairey Lake For Swimming—and Pretty Girls".

by "Dairy Farmer" The Top Six Inches

Between the heat and the haying, the republican convention and the B.C. elections (you know that new fangled system in which the results are not known until it is time to have the next election) the Dairy Farmer is hard put to find a subject for a column.

The milk situation has stopped being controversial, the dairies have stopped defying the board, and the shortage of pasture and heat took care of the surplus more effectively than any other system yet devised. The foot and mouth disease isn't news either for the time being. It seems that the department, having told the whole story, decided that there was too much publicity and now there is none at all.

We expect, though, that the test animals are now on the infected farms and soon the mouth trial period should be up. The moment the first carcass will cross the border again and the first American buyer appears on the scene, it will be time to weigh what the disease really did. Curiously enough, farm income in the country was up as compared to the first three months of '51. The explanation is heavier grain marketing out west. And of course, 56 days of the first 90 days were still pre-foot and mouth period.

We didn't go fishing this year, so we cannot tell about this and the price of twine hasn't done anything to get hot under the collar about. But of course there is the cost of living index. It went up a fraction and it is immediately pointed out that this is the result of food prices being up. Potatoes are especially singled out as the guilty party, and pork. To the best of our ability, all can remember is that sows went up from $14 to $16 a hundred.

We have always suspected that some of these sows are called bacon hogs when they get to the stores, and now we have the official proof. We cannot stretch our very lively imagination far enough to see why pork should be up.

Spuds are different. These days, it is very expensive to feed a gang of silofillers, not because meat is so high, but because potatoes are. Which reminds us of the only subject that we could get hot and bothered about—the continuous nagging, editorializing that the Toronto morning paper is carrying about food costs.

The theme seems to be just about the same. They are opposed to an artificial shortage of food stuff. They accuse farm organizations and the minister of agriculture, who is supposed to molly-coddle the farmers, of creating an artificial shortage.

Their solution is to produce and over-produce and let the glut on the market depress food prices. Let the middle man in his wisdom manipulate the produce markets until the farmers have to produce a volume to get even enough to live on. Any attempt at orderly marketing should be condemned as scarcity farming. Well, it is hot these days, very hot, but not nearly as hot as that certain place where the writer of those editorials can go.

However, we are charitable today and we offer them a deal, a good one. Supposing he writes an editorial urging implement and car manufacturers to do the same thing. And when there is a glut of implements, prices will go down. Supposing he persuades labor to put in an extra 10 hours per week free to produce more implements and cars and let the railroad people do the same. Wouldn't we all be happy?

Our readers write

Letters to the editor are always welcome but the names of the writers must be known to the editor.

SEWAGE IN RIVER

The Editor: Town of Newmarket, reverend ministers, church people, business people and citizens of Newmarket in general: Are you aware of the fact that all of your private sewage and the sewage in general of the town is being dumped into the Holland River? It comes down stream to the people of Holland Landing and to the summer cottage village known as River Drive Park.

Years ago, when Newmarket put in their sewage system, Newmarket was but half the size it is today. At that time the river was four times as large as it is today. Now, my dear people, do you think you are doing unto us, down stream, as you would like us to do unto you? I have been after the town council for over six years to install a disposal plant to take care of this disgraceful condition. The answer was: "Oh yes, something will have to be done and we are working on the question."

In the fall of last year a number of land owners down stream from Newmarket waited on the council and laid our complaints again. We were told then that the town had been working on this and there would be definite action and a start made on this job this year 1952.

I am now told no action will be taken this year. This is a disgraceful condition to be existing and I feel every citizen of Newmarket has a personal responsibility.

Remember, people of Newmarket, every time you use your bathroom you are sending your filth down stream on your neighbor. Rise up and see to it that your town fathers get busy.

We are your neighbors and we are human beings. Treat us as such. You business people like our money. You are inviting court action.

G. B. Thompson,
Holland Landing.

The Editor: I would like to say "Amen" to that closing note in your "Cost-of-Living" editorial: "It is perfectly true, as Dairy Farmer wrote, that a cheap food policy is a dangerous policy to encourage. The farmer can, if he has to, live pretty well off his own efforts. Deprive him of his buying power and the whole country suffers. There is a limit to which labor can raise its wages and companies can increase their profits at the expense of the farmer."

Good for you, Mr. Editor and Mr. "Dairy Farmer", and I suggest that the sooner the sophisticated people in our towns and cities decide to accept the above economic principle and act accordingly, the better it will be for Canadians generally.

When the average city man simply concentrates on saving (!) a few cents by turning too enthusiastically to substitute products, and to heck with the basic interests of agriculture, he is going down a very dangerous "primrose path". I agree with the following editorial comment in one of the farm journals: "If the consumers really want to see a healthy agriculture in this country, that desire will be expressed in what they spread on their bread." (Farmer's Advocate, June 28).

On the other side of this rural-urban ledger, however, I see this smart entry which our farm friends should study, especially those who insist on thinking individually in their dealings with their highly organized customers: "The steelworkers unions do not meet in separate groups to make demands. Altogether they pay Philip Murray $25,000 a year to do the talking for them, and that is the method that gets results, as it does in all other labor unions. There is still in agriculture a babel of voices." It is not more than fair to add, however, that it make a difference whether the membership is concentrated in 50 cities, or spread across the continent.

"Union Worker."

ST. PAUL'S PICNIC AT INNISFIL PARK

A congregational picnic was held at Innisfil Park on July 2, by the members of St. Paul's Anglican church, Newmarket. There were approximately 140 present.

The group left town about 1.30, returning after the supper meal. They travelled by chartered buses and private cars. The meal was enjoyed in the pavilion with each family bringing a picnic lunch and the Parochial Guild members, under the direction of Mrs. John Dales, convening the meal.

Rev. J. T. Rhodes was in charge of the picnic and Neil Lothian organized the sports and games. The children enjoyed swimming and there were prizes for the youngsters following their races. The picnic which it is hoped will become an annual event was judged very successful by all in attendance.

RECENT DISTRICT WEDDINGS

Photographed as they leave Keswick United church are Mr. and Mrs. John Edwards. The bride is the former Mary Jean, daughter of Mr. and Mrs. Frank Marritt of Keswick, and the groom is the son of Dr. and Mrs. J. C. R. Edwards, Newmarket. The couple will live in Kingston. Photo by Leonard

Mr. and Mrs. Charles H. Cowie of Toronto are pictured here at the reception following their recent wedding. The bride is the daughter of Mr. and Mrs. Frank Hutchinson of Aurora and the groom is the son of Mr. and Mrs. Charles Cowie, Toronto.

Jack Wilbur Sine, son of Mr. and Mrs. Grant Sine, Newmarket, is pictured with his bride, the former Dorothy Elaine Wilson, Kitchener. They were married in Waterloo.

IT'S A Woman's World

By Caroline Ion

It would appear that women are wasting their time when they continue to read food columns and try new recipes on their families. In a recent public opinion poll conducted in the United States, the American man chose familiar old favorites for his special menu. Asked, "If you could order anything for dinner no matter how much it cost, what would you choose?" the majority selected: fruit cup, vegetable soup, steak and potatoes, peas, rolls, apple pie a la mode and coffee. No camouflaged meal-in-a-dish for them . . .

Anyone giving even a cursory glance to the birth notices in the Era and Express these past weeks must be impressed with activities in the maternity department of York County hospital. The nurseries must be elasticized. Last week no less than 23 births were recorded in the column from that institution.

Coming from all sections of the district, Oak Ridges, Richmond Hill, Sutton West, Bradford, King, Richvale, these small types are benefiting from the services provided by the local hospital. It was encouraging to read that communities within the area have assumed their share in the financial support of York County hospital.

The many women who contributed through their time, work and donations during the recent Hospital auxiliary sponsored tag days will have a deep sense of satisfaction that through their efforts another maternity table is being provided for this busy department of the hospital. Similarly these many families who have benefited from the services of the hospital should stand ready to give further support in future appeals.

To maintain and expand the facilities of York County hospital should be regarded as a personal responsibility of each of us. We should be ever-grateful for the proximity of a modern, capably staffed and well-equipped institution.

We hope that the many new mamas who left York County hospital this week will never be in the position of one bewildered mother in a remote district. When questioned by the census-taker regarding the ages of her children she had difficulty recalling them exactly. She told the investigators, "Well, I got one lap child, one creeper, one porch child and one yard young 'un."

It appears these days that every family has at least one member who is watching his weight. (See, gals, I said "his" . . . at least in this column it's still a woman's world.).

Conversations veer to the need for adding tone to stretched muscles; how to feel satisfied on a high-protein diet without second helpings, pie with ice cream, gravy or cream sauces. The thin members of the group look on with detached amusement. The more weighty one sigh resignedly and attempt to prove that after all they don't really miss the cream from the strawberries.

But for those who find exercising irksome and strict dieting makes for tasteless meals we have a cue to an easier aid in the reducing program. It appears that overweight people are usually shallow breathers. Oxygen helps to burn up body wastes and fats so deeper breathing is the answer for that svelte-like figure . . .

Could be that we'll have a nation of deep-breathers develop. Think of the revolutionary changes that would necessitate in the world of fashion. Garments would have to be made with much gathering, gussets and controlled fullness to allow for greater chest expansion. Fewer people could be packed into the Toronto street-cars . . . It could mean a complete change in our way of living.

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

Institute business will go by the board at the July meeting of the **Vandorf** branch. Instead, it will be Community Field Day at the Vandorf hall and ball park, on Thursday, July 17.

Activities will start at 3 o'clock in the afternoon with races and games for all ages. There'll be a fish pond, and an assortment of cold drinks and ice cream. Zephyr & Vandorf will play ball in the evening, and afterwards there'll be a dance in the hall, highlighted by the draws for the Community Park Penny sale.

Many worthwhile and interesting contributions have been made to the Penny Sale. They will be on display in the hall from Wednesday afternoon and on through Thursday. The committee reports tickets are going well, and it is hoped that a good sum of money will be raised for the new community park.

Everyone is invited to bring the kids and a supper basket, and to come to the Field Day. Supper will be served to the children beginning around 5.30; grownups will eat from 7 o'clock on and the ball game is scheduled to start at 7.30. Anyone who is hungry again by 9 o'clock, will stand a good chance of winning the pie-eating contest!

All told it lines up to a full day, and the more there are, the merrier it'll be, on Thursday, July 17.

Lakeside branch closing meeting for the season took place June 24. The president, Mrs. A. Pollock, was in the chair. Quite a lot of business was done. Mrs. J. Gable read an interesting article during the program entitled "The Canadian". The meeting closed with the singing of "The Queen".

A social half hour followed. Mrs. G. McGennerty and Mrs. P. Mahoney were hostesses. A vote of thanks was extended to the ladies by Mrs. Gable.

In spite of a very warm afternoon, 21 members were in attendance at the June meeting of **Aurora** branch in McMahon Park.

Plans are being made to secure a hall suitable for our meetings. Mrs. Eklund reported 25 babies at the June clinic of the Child Health Centre, and that she hopes to start a campaign to get more mothers of pre-school children interested in this clinic. Next clinic date will be Thursday, July 17.

Mrs. Brooks gave a report of meals served in Trinity Hall on the day of the Horse show, when approximately $120 was realized for the funds. We wish to thank all those who helped so generously to make this venture a success.

Mrs. Klees was appointed rest room convenor in place of Mrs. A. M. Clarke.

Plans are on foot to start remodelling the Aurora Women's Institute Room in York County hospital, and money was voted to purchase two new bedside tables at a cost of approximately $60 each.

The date of the annual picnic is set for Thursday, July 24. Further announcement later.

The date of the "Mile of Pennies" in aid of the rest room is set for Saturday, Sept. 6.

The bazaar date is Saturday, Nov. 15, in the Oddfellows Hall, and in this connection there will be a shower of articles made from sugar bags at the August meeting. Anyone desiring sugar bags for this purpose, please contact Mrs. J. Brooks, Wellington St., E.

The **Bogartlown** branch will hold its next meeting on Tuesday, July 15, at the home of Mrs. Chas. Hunt. The program is on citizenship and education; motto "If you hit the mark you must aim a little above it". Roll call - name your first school. Contest by Mrs. T. McNicol. Guest speaker will be Mrs. E. Armstrong.

The **Newmarket** branch will discontinue its regular July and August meetings. Members are reminded to pay their Blue Cross hospital fees to Mrs. Wm. Young, Park Ave., during August.

The **Sharon** branch held their July meeting at Mrs. H. Walker's home with 22 present. Roll call, "Ways of serving strawberries", was well answered. It was moved and seconded that Sharon Institute help the historical society with cleaning and cataloging of relics in Sharon Temple.

After a discussion of extension service it was decided to ask for "Brighten your home with color" for first choice and "You and your citizenship" for second choice.

Plans for a bus trip in the fall will be discussed at next meeting.

Mrs. Fry gave an interesting report of morning session of District Annual convention at Mount Albert, while Mrs. Nicklin very ably gave a report on afternoon session. Mrs. K. Weddel conducted a flower contest and Edith Haines and Mrs. Thompson were prize winners. After refreshments meeting closed with God Save the Queen.

Union Street branch met at the home of Mrs. Stanley Shanks, Thursday evening, July 3. Mrs. Frank Perry, the president, occupied the chair. There were 28 members and six visitors present. Just over $6 was made from the roll call "A waistline of pennies". It was decided to contribute 35c per member toward the financing of the A.C.W.W. conference to take place in Canada in 1953. Mrs. Irvine Rose, convenor of the program, opened with the singing of O Canada. An interesting article was read by Mrs. Breen, "Romance in your mirror". Current events were given by Mrs. Ralph Holborn.

Mrs. Bernard Huntley of Sutton was guest speaker and used as her topic the motto, "Study to be quiet, and do your own business and work with your own hands". Her address was very helpful and much enjoyed.

A reading, "A mother's own needs", was given by Mrs. Irvine Rose. Mrs. Archie Sedore offered a vote of thanks to the hostess. The meeting closed with the national anthem followed by a delicious lunch served by the hostesses.

Oak Ridges News

Mr. and Mrs. L. Mills, Port Hope, and Mrs. Boys, Mr. and Mrs. Orville Mills and Gwen, of Canton, Mr. and Mrs. George Chester and daughter Beth, and their son Fred Chester and his wife, were weekend visitors of Mr. and Mrs. Bob Ash.

Other callers were Mr. and Mrs. F. Sanderson and son Allan, Mr. and Mrs. Fred Hare of Temperanceville, Mr. and Mrs. H. Hutchinson and Mr. and Mrs. James Bolton, Oak Ridges.

Donald Ash and his cousin, Joan Hare, are visiting their uncle, Lorne Ash, at Belleville.

At the home of their grandmother, Mrs. Bob Ash, are her grandsons, Raymond and David Mills of Port Hope, who are spending a week with her.

Russel Keenan spent the weekend with his mother, Mrs. P. Keenan of Toronto.

SHOWER BRIDE-TO-BE

The members and friends of the Free Methodist church, met at the home of Mr. and Mrs. H. G. Gibbons, on Monday evening, when they surprised Miss Jean Mino with a miscellaneous shower. After the opening of the gifts, a delicious lunch was served. The bride-to-be received many beautiful gifts.

ENGAGEMENTS

Mrs. Edith Davis, Newmarket, wishes to announce the engagement of her daughter, Florence Rebecca, to Mr. Desmond James Burke, son of Mr. and Mrs. Richard Burke, Newmarket, the marriage to take place at 11.30 o'clock in St. John's Rectory, on Saturday, Aug. 2, 1952.

MARRIAGE

McKENZIE—JEFFERSON

Quietly at the home of the bride's mother, Newmarket, by the Rev. F. V. Abbott, Schomberg, Wednesday, July 2, 1952, Marion Webster, daughter of Mrs. Jefferson and the late J. P. Jefferson, to Mr. Paul Arnold McKenzie, son of Henry L. McKenzie and the late Mrs. McKenzie, Vineland.

IN MEMORIAM

ANDREWS—In loving memory of a dear wife and mother who passed away July 5, 1943.
Her memory is as dear today,
As in the hour she passed away.
Sadly missed and ever remembered by family.

BODEN—In loving memory of a dear father, Thomas Boden, who passed away June 8, 1938, and a dear mother, Harriett Boden, who left us a year ago July 11, 1951.
You can only have one father and mother,
Patient kind and true;
No other friends in all the world,
Will be as kind to you.
For all their loving kindness,
They ask nothing in return;
If all the world deserted you,
To your father and mother you can turn.
So all we can do dear father and mother
Is to go and attend your grave,
And leave behind a token of love.
To the best father and mother God ever gave us.
So you who have a father and mother,
Cherish them with care;
For you will never know the heartache
Till you see their vacant chair.
For they are watching o'er us
Through those gates ajar;
There is a father, there is a mother
Gone within those gates ajar.
Ever remembered by daughter May and son-in-law Clayton and grandchildren.

BODEN—In loving memory of our dear mother and grandmother, Harriet Boden, who passed away July 11, 1951.
A loving mother kind and true,
Always remembered by those she knew,
God took her home, it was His will,
But in our hearts she liveth still.
Daughter Pearl, Garnet and family.

NOTICE

TAKE notice that a meeting will be held at the Township Hall, Sharon, North End, in the Township of East Gwillimbury, County of York, on the 26th day of July, 1952, at 3 o'clock in the afternoon, for the purpose of electing trustees for the restoration and permanent care of the old Burying Ground, south of Sharon. All persons having relatives in the Burying Ground are requested to attend.

CARD OF THANKS

The parents of the children in Mrs. H. Gordon's dancing club wish to extend their thanks for the lovely picnic and kindness shown to them.

CARD OF THANKS

Mrs. Geo. Ellis and family wish to express to their many friends, relatives and neighbors their heartfelt thanks and appreciation for acts of kindness, messages of sympathy and beautiful floral tributes extended to them in their recent sad bereavement in the loss of a dear husband and father, especially thanking the Rev. Warren for his comforting words.

CARD OF THANKS

I wish to express my appreciation to all my friends, neighbors relatives for fruit, flowers, candy, cards and all the other acts of kindness during my few days in the hospital.

U.N. WEAPON

Continued from page 1

Everyone must be willing to have his share in the work and help to do it. The U.N. is an association of more than 65 countries. It is the people of these countries, the individual adults who must help to do this mighty, most challenging work.

"To make the work of the U. N. more popular and better known it was decided to set up in every country associations of the U.N. In this way the responsibility for world peace and world understanding would rest with the people individually in the democratic countries. In the United States they have U.N. branches in most of the cities. In Canada similar associations have been organized.

"The first regional conference for Ontario, the one which I attended, took place at the University of Toronto and was well organized. There were about 200 delegates present. After the plenary sessions, four groups began to work on four different problems. The topic of the conference was, 'The individual's responsibility to the U.N.' Subtopics of the conference included: the U.N. and adult education, youth education, labour and mass media. I took part in the last group.

"Members of the group included interesting people who are working in newspaper, radio, libraries, department of external affairs and representatives of farm and citizen forums. They discussed various ways in which these different publicity organizations could be used to make the work of the U.N. more popular. The average listener switches off the radio when a U. N. publication is being aired. How to present such information that every listener and newspaper reader would be interested, was discussed in detail.

"At lunch, R. G. Cawell, director of Canada's part in the Colombo plan, gave us a picture of the help-action for under-developed countries. He said that the capital set aside for the next six years' activities would do little more than hold the present low standard of living in the Asiatic countries concerned.

"The wheat which Canada sends through this plan to India will be sold by the Indian government at a low price so that the average inhabitant can afford it. The money will be used for an irrigation plan to make the soil more fertile. It is worth mentioning, I think, that in the imagination of the whole plan which was organized in Colombo in 1948, they didn't give suggestions or instructions as to how the countries benefiting under the plan should use the money. Each is free to select the individual project to have the money in that country.

"All the four groups gave their resolutions later and Clark Eichenberger, national director of the American U.N. association, gave the concluding speech. He said he believed the U.N. was approaching universality not only in membership but also in laws, ideals and principles. You can't build a millennium in 7 years. The real battle for peace will never end."

POLICE SEARCH

Newmarket police were called out late Sunday night when residents in the area of Queen St. and Prospect St. heard screaming. Police searched the area near the C.N.R. tracks but it was discovered later that there had been a family squabble among persons from out of town. Residents on Queen St. had heard the screams all the way from the top of Main St. hill.

Needlecraft News by Pauline Roy

SEWING IS FUN. The more you know about it, the more fun it is to do, for the greater your knowledge of sewing, the greater will be your satisfaction in anything you make. If you're busy making new clothes, you might appreciate a few pointers on hems.

How to Make an Invisible Hem

Have you longed to be able to turn an invisible hem on a jacket? Well, here's a tip that many tailors use. Baste a line at the bottom of the jacket marking the correct length and serving as a guide when turning up the hem. Cut a bias piece of unbleached muslin 2" wide and place it along the basting line. Catch stitch muslin invisibly to jacket (taking care that stitches do not show on right side). Turn up 1½" hem, following basted guide line, and catch stitch into place, catching through muslin only. Bring jacket lining down over muslin and slip stitch lining to hem, allowing ½" for ease.

Turn a Smooth Hem

If you want a smooth hem on a circular or flared skirt, first mark hem and turn it up, basting around lower edge close to the fold. Measure desired depth of hem and trim evenly. You will find this easy if you use a cardboard gauge with a notch marking the depth of hem desired. Now run a stitching around upper edge of hem. Pin hem at each seam. Now pull stitching until width of lower edge of hem is exactly the same as the portion of skirt against which it is turned. Distribute fulness evenly, using the skirt seams as guides. Unpin hem and, using a dampened press cloth, shrink out the gathers at the hem edge. It may be necessary to repeat the process several times if your fabric is heavy or the skirt widely flared. Baste and stitch on finishing tape and blind-hem the hem in position. Now your flared or circular skirt will hang beautifully, with no bumps or puckers to mark the hem.

Hostess Apron

Here's a simple sewing project you can squeeze in between your larger ones. A lovely party apron for town and country entertaining. Make it from any cotton fabric in a solid color... percale, broadcloth, etc.... and trim it with rows of rick rack braid in different sizes, bias tape, ball fringe, coarse lace and embroidery. For a leaflet giving you directions, send a stamped, self-addressed envelope to the Needlework Department of this paper and ask for PARTY GOING APRON, Leaflet No. E-2563.

Marian Martin Patterns

Rave notices for you, Jr. Miss, when you star in this! That portrait neckline is so attractive on your young shoulders. That scalloped panel gives you a fragile, feminine, crinoline look. Just the dress to draw dance partners to you! Sew quickly— enjoy it soon!

Mt. A. Girls Win, Tie

Mount Albert ladies still boast a no-defeat record, but it was ever so close at home Friday as Sutton, second place in the Lake Simcoe junior ladies league race, held the Mounties to an 11 all tie. The league's top two flingers, Mounties' ace Marg Green and Sutton star, Mary Jean Sinclair, matched pitches.

The Mounties saw Sutton leap for six runs in the sixth to gain a tie. Marie Harrison's homer, June Wagg and Ida Bertolin with two hits each were the Mounties' top sluggers. Rita Riddell's homer and Lil Beattie's three hits were main cogs in the Sutton attack.

Journeying to Sutton Monday, Gladys Rolling's Mounties pounded home eight runs in the last two innings to drub Sutton 15 - 9. Marg Green, getting back into regular pitching form, set Sutton down on nine hits. Marg Green with two homers and Ida Bertolin and Reta Longhurst with two hits each paced the Mounties' 19-hit assault. Lil Beattie pitched for Sutton and supported her mound effort with three hits.

NEWMARKET FINAL

Joan Peppiatt and Keith Davis defeated Joyce Bothwell and Jack Peppiatt 6-4, 6-4 to win the open mixed doubles tennis tournament held at the Aurora tennis courts last week. Twenty entries were received for the tournament representing Richmond Hill, Mount Albert, Aurora and Newmarket Tennis clubs.

Newmarket ladies dropped a tough 1 - 0 decision to Barrie Tuesday as they moved back into action after a week's holiday layoff. The game turned into a sparkling hurling duel between Hester Clark and Barrie veteran hurler Dot Miller, as the teams went down in one, two, three order in almost every frame.

Hester Clark's low pitch in the third frame that scooted away from the clutching fingers of Mona Dean allowed a Barrie runner to score from third with the only run of the tight contest.

The VanZant - Ruthven nine twice got runners to the three quarter station but the hit power to plate the tying and possibly winning run wasn't forthcoming.

The loss spoiled Newmarket's attempt to spike down first place in the league. They're now third in the sizzling hot race for first place with Midland holding onto the top roost and Barrie second.

Midland will make their first appearance of the season here tonight at the Fair Grounds. A win, and that's what it'll be, says coach Charlie VanZant, will hoist the locals into a first place tie with the visiting Georgian Bay club.

Aurora Jrs. Win First

Aurora Tigers, destined for O. B.A. junior action under the coaching of Fred Wilson and management of Andy Closs Sr., downed Brampton 3 - 1 at Aurora Park Saturday afternoon in their initial outing. Andy Closs Jr. doubled, Jerry Hugo and Harold Stephenson singled to forge Aurora a 2 - 0 lead in the start-off innings.

Those two runs, coupled with steady, threehit pitching by Harold Stephenson and Ortie Thoms bagged the Aurora victory. Brampton's third sacker, Jack MacDonald, poled out a long homer in the fourth to break the visitors' shut-out spell. Aurora added an insurance run in the sixth on a trio of base knocks by Andy Closs Jr., Jerry Hugo and Bob Parsons.

Aurora will go to Brampton Saturday for a return engagement.

Keswick Clips T-B Clan

Everyone keeping a weather eye on the Lake Simcoe Softball League race are aware Tom Hare has a clubbing band of sluggers at Keswick this season. On Monday, Newmarket fans saw the Keswick bats erupt explosively to submerge Alf Peel's Thompson-Bell town league machine 18 - 2. Keswick rode the crest to victory on three homers, two doubles and six assorted singles.

The Lake shore clubbers also capitalized on six walks doled out by T-B's Morley Cook and three errors. The game was played under the lights at the Fair Grounds Monday and was the first test of strength between the town leaguers and their Lake Simcoe rivals.

Eddie Chadwick, Keswick's hot corner guardian, paced the victors with two round trippers and a single. Claude Pollock fashioned Keswick's other base circler. Ted "Peeter" Anderson and Ron Rowe bagged two baggers. Harold Smith, mainstay of the Keswick mound, set the T-B hitters down with a thud on three hits. Mickey Smith produced two, Lloyd Cudmore furnished the third.

Aurora All-Stars Win

Aurora all-stars defeated Thornhill 5-1 in a feature softball attraction at the Aurora Legion Sports Day on Dominion Day. Bill VanZant, on loan from Newmarket, worked the mound shift for the victors and locked in a tight pitchers' duel with Bill Bowen, Thornhill speed ball king.

It was the first time the Hillers have gone down to defeat this season. Earl MacDonald's towering three-run home run smash in the third after Bill VanZant had driven home a run in the second provided the Aurora runs. Harold Stephenson and Tracy Barrager were on the base paths when "Mac" teed off for his base circler.

Art Lawson plated John Haigen with the Hiller's lone run in the seventh.

Canadians, in the first quarter of 1951, are chewing less gum than a year ago. They're not eating so much candy either.

Ready For Peel-York

A couple of postponed games to go to clean up the regular Peel-York Softball League schedule, reports secretary Bruce Hall. League moguls gather Friday at Schomberg to arrange play-off dates. At the moment, it's Humber Summit leading, Schomberg, Woodbridge and King City bunched in the runner-up slot, followed by Nobleton, Kettleby and Pottageville.

Schomberg and King City were sparring partners Tuesday in a postponed game at King. Schomberg combined superior seven-hit pitching by Ken Ellison, a flock of King City errors, and timely hitting to steam-roll to a 10-1 win.

Schomberg got the jump on their rivals in the first innings, gathering five runs on two hits, a walk and two errors. Ken Ellison sailed serenely behind this cushion but lost his shut-out in the fifth as John Richards galloped up to the pay-off window.

Ken Ellison bolstered his gilt-edge pitching with two hits as Phil Hobson worked four and Gord Orr three frames on King rubber. Murray Edwards, Don Rainey, Pee-wee Aitcheson and Walt Thompson punched out a hit each in the winners cause. Bob Gillies and John Richards paced the King swingers with two each, Gord Orr, Joe Natalie and Jim Patton got into the hit act with one apiece.

Plan OBA Entries

Latest information available indicates that Newmarket will have O.B.A. entries in the bantam and midget series.

It will also be known this week whether our slick fielding, heads-up playing, intermediate baseball nine will make a bid to get into the O.B.A. hunt. The bantam entry is being sponsored by the Optimist club.

Ken Stephens, who recently took over as Optimist club boys' work chairman, is convener. Lowell Waller is coach and Dave Pitt manager of the midget entry.

Aurora's O.B.A. plans aren't finalized at the moment. A strong pee-wee team is available and the team will likely be entered in the O.B.A. competition. A junior entry has been filed. Fred Wilson is coach, Andy Closs Sr. manager and Tracy Barrager club secretary of the junior O. B. A. team.

MONTREAL—One of these hot days your husband will be grateful to you—for remembering to leave a jar of SAL HEPATICA in the medicine cabinet for him. Yes, before you go to the country for the summer—think of your husband in the hot city. There'll be many a time when a refreshing, sparkling glass of Sal Hepatica before breakfast will make him feel like a new man. Sal Hepatica effervescent salts are so *pleasant* to take—so gentle and mild—yet they banish that sluggish, headachy feeling in a jiffy. Use them merely as a refresher in the morning—or at night—when your system feels the need of a good cleansing. Sal Hepatica has been a faithful family laxative for over 60 years.

Summer Fruits are so wonderful. And one of the very best things about them, is the delightful variety of jams and jellies you can make with them now, for winter's enjoyment. With CERTO FRUIT PECTIN, this is really a quick and easy matter! You can do down those tempting, delicious fruits and make superb jams and jellies in only 1/3 the time of the former long-boil method. So much *more* of the true fruit flavor is retained—and results with Certo are always sure. You'll find you get up to 50% more jam or jelly from the same amount of fruit. So out with the jam and jelly jars. Make sure of your winter's enjoyment of summer fruits, right now! Just follow the easy recipes, found in the booklet, under the label of each bottle of Certo.

Feet Hurt? It's no fun to suffer the agonies of painful corns, is it? Well — here's good news for you! *Phenylium*, the new "miracle" ingredient found only in BLUE-JAY Corn Plasters and Callus Plasters does *wonders* for hurting feet. Yes, Phenylium gives quick, lasting relief from corns and calluses — it's truly a discovery for folks with sore feet! It took ten years of scientific research by Blue-Jay to develop Phenylium. And now they've perfected it to the point where it works 33% faster and is effective in 95% of the cases tested. I can *personally* vouch for its effectiveness. But don't just take my word for it—try Blue-Jay Corn Plasters with Phenylium . . . for happy feet—always.

Have You Made Up Your List of things to take on vacation? Check it to see if you've put down Travellers Cheques! You'll do well to put Travellers Cheques at the very top of your list because they help to make your holiday fun so much more complete. It's such a big load off your mind to know that your money is safe from loss or theft! You see — wherever you go, Travellers Cheques are easy to cash—but only you can cash them. It's a special system—simple but effective. These cheques come in convenient amounts of $10, $20, $50 and $100—and you can buy them at any branch of the BANK OF MONTREAL. Travellers Cheques for trips abroad are always available, too. So let the B of M help you to enjoy a worry-free vacation. Call on your nearest branch before you pack your bags, and put your holiday money into B of M Travellers Cheques.

Weddings

SINE—WILSON

Ballerina length gowns featured the costumes for the wedding, June 7, of Dorothy Elaine Wilson, Kitchener, and Mr. Jack Wilbur Sine of Waterloo.

They were married in Knox Presbyterian church, Waterloo, with Rev. John G. Murdock officiating. The bride, who is the daughter of Mrs. Everitt Wilson, 86 Union Blvd., and the late Mr. Wilson, was given in marriage by her uncle, Mr. Joseph H. Tranter, Toronto. The bridegroom is the son of M.. and Mrs. Grant Sine, Newmarket.

Gladioli, peonies and other all-white flowers formed the setting. The bride's gown was in a strapless French lace model, the bouffant ballerina-length skirt being feautred with a "V" insert of lace in the front and back.

She wore a French lace bolero styled with stand up collar. Her veil of net and satin inserts, was trimmed with rhinestone and held by a cap of satin, covered with lace, gathered at the back with a cluster of seed pearls. She carried a cascade of red roses and white stephanotis.

Mrs. Isabel Simon, the bride's sister, was matron of honor, wearing yellow taffeta with overskirt of net, in a ballerina-length gown. Miss Madeline Tranter was bridesmaid, wearing green taffeta and net, in a similar model. Both carried nosegays of wellow and white roses with white sweetpeas.

Mr. Donald Sine, Toronto, brother of the bridegroom, was best man. Mr. Murray Schneider, Waterloo, ushered.

The wedding dinner was held at the Maple Inn.

The bride's mother wore a gown of cerise crepe with navy accessories and corsage of white feathered carnations and pink roses. The bridegroom's mother was in navy blue crepe over navy and white taffeta. Her accessories were in navy and white and she wore a corsage of pink roses.

For travelling to Ottawa and northern points in Ontario, the bride donned a gray suit trimmed with black. Her accessories were in aqua shade.

They will reside at 36 Union Blvd., Kitchener.

ROGERS—KNIGHTS

Amid a beautiful setting of evergreens, lilacs and tulips, in Queensville Baptist church, on May 31, 1952, the marriage of Shirley Doreen Mae Knights, youngest daughter of Mr. and Mrs. R. A. Knights, and Harold Merlyn Rogers, Queensville, son of Mrs. Rogers and the late Mr. Fred Rogers, was solemnized. Rev. Hartley Britton, of Lachute, Quebec, assisted by Rev. J. L. Lashbrook, pastor of Queensville Baptist church, officiated.

The bride, given in marriage by her father, chose a gown of white slipper satin, with sweetheart neckline, and full skirt. Her full length veil of net was caught with a halo of orange blossoms. She carried a cascade bouquet of red roses and lily-of-the-valley.

The maid of honor, Miss Irene Knights, sister of the bride, was gowned in orchid brocaded silk with nylon net skirt, with matching head-dress. She carried a bouquet of yellow roses and pink carnations.

The bridesmaids, Misses Joan and Ruth Murdock, cousins of the bride, chose dresses of brocaded silk, with nylon net skirts, with matching head-dresses of pale green and pale yellow shades. They carried nosegays of yellow roses and sweatpeas.

The junior bridesmaid, Miss Joan Milne, niece of the bride, wore pale green taffeta, while the flower girl, Miss Elaine Leppard, niece of the groom, was dressed in pale yellow nylon. They carried nosegays of sweetpeas and yellow roses.

Mr. Kenneth Rogers, brother of the groom, was best man.

Miss Macy Carol Knights, who sang two beautiful selections, was ably accompanied by Miss Beth King, who also played the wedding music. Both are cousins of the bride.

The ushers were Mr. William Knights, brother of the bride, and Mr. Gordon Elliott, brother-in-law of the groom.

The bride's mother received in navy blue triple sheer with white accessories, and was assisted by the groom's mother in navy crepe, with white accessories. Both wore corsages of red roses.

After the reception, held at the home of the bride's parents, the happy couple left for a motor trip through eastern Ontario and the Georgian Bay districts.

To travel, the bride chose a suit of gold gabardine with cocoa-brown accessories, and wore a beautiful four-piece fur, the gift of the groom.

Upon their return the couple will reside at Queensville.

McGREGOR—ANNING

In a double ring ceremony in Aurora United church, on Saturday, July 5, Shirley Gertrude Anning, daughter of Mr. and Mrs. George Anning, Newmarket, became the bride of Sherman Isaac McGregor, son of Mr. and Mrs. Cephas McGregor, Reaboro, Ont.

Rev. Mr. Howey officiated.

The bride, given in marriage by her father, wore a floor-length gown of Jipree lace and white satin. Her tulle illusion veil was caught to a small lace cap and she carried a shower bouquet of red roses and stephanotis. Mrs. Clarke Dunn, matron of honor, wore a champagne nylon marquisette gown over bronze taffeta with matching cap and carried yellow roses. The bridesmaids, Mrs. Lloyd Penny and Miss Marjorie Wilson, wore champagne nylon marquisette over green taffeta with matching caps, and carried pink roses.

The flower girls, Margaret and Elizabeth Black, twins, wore yellow, floor-length, net and taffeta gowns and carried nosegays and yellow roses. Mr. Victor McGregor, brother of the groom, was best man and the ushers were Messrs. Elwood McGregor, Clarence Black, Alan Woods and Marshall Wilson. Mrs. Marshall Lyons, soloist, sang two beautiful numbers, "A Wedding Prayer" and "My World."

The reception was held at the Graystones, Aurora, where the bride's mother received in a saxe blue imported lace gown, with navy accessories and corsage of red roses, assisted by the groom's mother in mauve faconne lace and white accessories and corsage of Johanna Hill roses.

The guests included Mr. and Mrs. L. Black and son of North Bay, Mr. Walter Anning, Wayne, Mich., Mr. John Anning, Simmie, Sask., and others from Toronto and Lindsay. After the reception the couple left for a tour of the United States. The bride wore a navy nylon dress with white accessories and corsage of cavalier roses.

DOLSON—CHANT

When Wilma Ruth Chant, daughter of Mr. and Mrs. Clifford Chant of Schomberg, R. R. 1, became the bride of Thomas Boyd Dolson, son of Mr. and Mrs. J. A. Dolson of Bolton, at a double ring ceremony, performed by Rev. Martin Jenkinson, on Saturday afternoon, July 5, King United Church was decorated with a central bouquet of pink and white carnations, flanked by blue and white delphinium, the gift of Mrs. Frank Gregory of Brampton. Mrs. Ewart Patton was organist.

Given in marriage by her father, the bride was a regal picture in white nylon net over slipper satin, made with a lace cut-away coat, with fitted bodice, buttoned from the high turn-down pointed collar to the waistline, falling at the front in folds and extending to the hemline in the back. The long sleeves were pointed and the skirt was very full. On her head was a coronet of pearls holding the fingertip veil edged with fine lace. She carried a colonial bouquet of pink briar roses, stephanotis and maiden hair fern.

The attendants were Mrs. Joyce Herrick of St. Catharines, as matron of honor, and Mrs. Harriet Dolson, a sister-in-law of Mimico, as bridesmaid. Mrs. Herrick in mauve and Mrs. Dolson in yellow, their gowns of nylon over taffeta were made alike. They featured double berthas edged with lace to form the sleeve effect. The net yoke formed a round neckline. They wore matching halo headdress, inset with small matching flowers. Their flowers were colonial bouquets of roses with harmonizing ribbon. Mrs. Herrick carried Queen Elizabeth roses and Mrs. Dolson Pink Delight roses.

The groomsman was Donald Dolson, and the ushers were Jack and Cameron Dolson, all brothers of the groom.

For the reception, held in the church rooms, the bride's mother chose Falcon crepe in dusty mauve, with gray hat and gray accessories and corsage of pink roses. Assisting, the groom's mother wore salmon pink printed nylon with white hat and white accessories. She wore a corsage of cream roses.

The couple left the guests for a honeymoon trip to Northern Ontario, the bride travelling in a powder blue gabardine suit, navy hat and accessories with a corsage of briar pink roses. On their return the newly weds will make their home at Bolton.

Guests were present from Schomberg, Tottenham, Bolton, London, Toronto, Brampton, Grand Valley, Orangeville and Bond Head. The bried's grandfather, Mr. Stephen of Dereham Centre, was a guest and also Mr. and Mrs. L. B. Black, Winston Manor, King township were present.

—Visitors at the Lunney home over the weekend were Donald Pinder and Mr. and Mrs. H. Fairweather, Alliston.

—Mr. and Mrs. T. A. Mitchell attended the 25th wedding anniversary of Dr. and Mrs. L. C. Gallaugher in Huntsville on June 29.

—Mr. Bruce McClymont and Mr. Harry Lloyd attended the feed and poultry meeting in Guelph this week.

—Misses Audrey Lundy, Newmarket, and Ivy Hague, Toronto, are leaving this weekend for Bruce Beach, Lake Huron.

TEACHER REVEALS SECRET

"Blue makes white"

"Helping my young Johnny with his homework proved interesting the other night. He said his teacher had told the class that seven colours combine to make white—and blue is one of them. I've always used Reckitt's Blue in my washing and now I know why. Out of the blue comes the whitest wash, and Reckitt's Blue costs just a few cents a month."

Haskett's HASH

BY GEORGE HASKETT
Newmarket Sports Editor

July has arrived. District teams and leagues are swinging into the home-stretch. To date, big item on our books locally has been the revival of hardball. It's gone over with a bang.

It's been great to have a hand in seeing the big diamond sport revive. Looking over the stands at the fair grounds as the Redmen go through their Friday night gymnastics, we notice a great many old time baseball followers and stars of yesteryear peering at this year's crop of athletes. Good to see them around again.

From where we sit, appear to have a mighty sweet ball club to root for. They make first year mistakes but the winning habit is there. Local hopefuls aren't backing away from anything in the Simcoe loop.

Coach Hack Cain and Manager Ted Robinson now boast a four-man hurling corps — Ortie Thoms, Ivan Gibson, Ken. Broughton and Bill Hopper—latter two have just been acquired. If anything, mound corps isn't getting enough work to keep them in top notch condition. This may be remedied though as an intermediate O. B. A. entry is being considered. We like the idea. If it goes through the Redmen should fare well in the playdowns.

"It's possible they might meet Sutton or Stouffville in the O. B. A. Either series should jam the fair ground to capacity. In any event, before the summer is out, an attempt will be made to arrange a home and home series with either or both Tri-County teams. The Robinson-Cain-Hudson clan better make a note — this paragrapher is prodding the "old timers" Ollie Gould, Shorty Turan, Pigskin Peters, Errol Gould, Bill Haskett, Peaches VanZant and some of the others who boast a five o'clock shadow at noon to get in shape to take on the '52 edition.

Have been watching with interest the results from the district sports day softball tournaments. Bill Taylor's North York entry has been cleaning up right and left—any more winning efforts and they'll have to start paying income tax on their earnings.

While we've no objection to the southerners fattening the bank roll, this copywriter would like to see the tournaments put to better use. For instance, why not use them to declare a North York softball champion? Invite King City, Schomberg, Aurora Town League leaders, two teams from the Newmarket town loop, top two in the Simcoe league and a team, say, from the Markham township circuit to each tournament. Keep tab on the points each team gathers at the tournaments and top two leaders, or perhaps four, meet in a series for the North York diadem under the lights at Newmarket or Schomberg.

This paragrapher would like to see a North York Softball champion declared, in some manner, possibly the above method might serve the purpose. Let's see, there's tournaments at Mount Albert, Zephyr and Queensville. Keswick plans one and Newmarket Legion, we're informed, hopes to get in the swim with a local tournament Aug. 4. It's a good idea—here's luck, comrades.

President Mickey Smith's first attempt to add spice to the town league fare Wednesday backfired—back-fired on the Thompson-Bell, that is, as Keswick thundered home 18-2 winners The Smith idea is sound; next time it may be our town leaguers who do the slaughtering.

THE Calvert SPORTS COLUMN

by Elmer Ferguson

This is the third and last of a series of columns which have, perhaps sketchily, and with omissions, dealt with sport as Canada enjoyed it at Confederation in 1867, and before.

Perhaps you were surprised when, earlier in this series we remarked that on Canadian soil in pre-Confederation days, there had been fought two or three world heavyweight championship fights.

But records prove it. They are not the exact records that have prevailed the last 50 or 60 years, but still records. And here is the story

"Flaming Ben" Hogan, a picturesque figure, who was a Civil War spy, gambler and oil magnate, claimed the heavyweight fistic title, just about 1867, and fought Bob Donnelly for it at Fort Erie, Ontario.

Morrissey had fought John C. Heenan, "The Benica Boy" for the world title at Long Point, in Canada. John J. Dwyer fought Jim Elliot at the same Long Point in the 70's, in another fight for the heavyweight title both claimed. So even with this sketchy background, you can be sure that some boxing existed in Canada even before Confederation.

Golf was introduced to Canada in the 60's by officers of ships from the Old Country, who played in Montreal and Quebec on 3-hole courses, and in 1873, six years after Confederation, a group of the original players met in Montreal, and created the Montreal Golf Club, since re-named Royal Montreal.

There are no records to prove it, but undoubtedly there was harness racing, for that sport dates back in America to 1770, and the great Flora Temple was history when Confederation took place.

Of course Canada had great winter sports programs, away back beyond, and through Confederation.

There were skating races in the winter dating as far back as 1859, when officers of the Montreal Garrison raced to Quebec, a tidy run.

The first covered rink built in Canada, according to such records as are available was built in the Ancient Capital, hilly Quebec city in the middle 1850's. Montreal followed dilatorily in 1859, and in the same year organized the Montreal Skating Club. In 1862, there was built in Montreal, in what is now the heart of the Canadian metropolis the Victoria rink, where gala fancy dress balls and carnivals were held. This rink holds hockey history, too, for here the first Stanley Cup games of all times were played, in the dowdy nineties.

And there was football, whether English Rugby or soccer, we couldn't say. But the Montreal Football Club was formed in 1868, a year after Confederation. There was tobogganing, too, and snow-shoeing, with the Montreal Snowshoe Club formed in 1840. And there would be many paddling contests then, certainly not the great regattas of today, but the canoe was then a useful form of conveyance, and tests of speed would be a natural outcome.

So young Canada, in 1867, had plenty of sport, plenty of fun, sport in its truest amateur sense, mostly, and young Canada lived a pretty good life without radios, automobiles, bicycles, and a lot of the things which are regarded as essential in these more high-pressure times. It must have been a good life then, with no threat of A-bombs or H-bombs, no Communists, and none of a lot of things we could very well do without.

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

AMHERSTBURG, ONTARIO

King Holds Up Aid To Hospital

York County hospital had a deficit of $3,505.19 in 1951 in its accommodation of King Township patients.

The total deficit of $60,000 for the hospital has arisen from the fact that insufficient rates were charged patients by the board. York County municipalities were asked to make grants in aid, based on the number of patient days for residents from each municipality.

The details of a statement prepared by the hospital board were presented to members of council at the regular meeting on July 7. The report shows the following: 841 private and semi private patient days at a loss of $1.60 per day or a total of $1,345.60; public ward patients, 583 days at a loss of $1.85 per day or $1,078.50; 171 indigent patient days at a loss of $6.22 per day or $1,057.40; the infants lost only 4 cents per day to the hospital. There were 591 infant days, at a total loss for the year of $23.64.

King council dealt with the matter at great length. "We had no knowledge of this situation until after our financial estimates were set at the beginning of the year. The rate was struck and there was no provision made to give a grant," said Reeve Elton Armstrong. "The problem now is how to finance the deficit. We have pared our expenditures to a minimum." Over the whole township, he said, approximately a 1-mill rate would be needed to pay the total amount. There is no doubt, he added, "that taxpayers are public spirited enough to accept their share, but it would be difficult to convince patients they had not paid enough to the hospital."

It is not our fault if the organization has not charged enough to its patients, the reeve stated. However, the fact remains the debt exists and we must have a hospital. He said it is reported that all York County municipalities had made grants except King and Vaughan townships.

Deputy Reeve T. A. McCutcheon wondered if the township's grant were paid now would it be expected to pay again. "I believe patients feel they have paid enough for their services in the hospital in 1951," he said.

Reeve Armstrong: "I would to see the municipality clean up its share of the deficit and then say 'Here, Mr. Hospital, this is it. From now on you are on your own.'" He later said, "public business is not operated as economical as private business."

Said Councillor Ray Jennings: "We shoud pay it. If the hospital board had assurance a grant would be forthcoming they would be O.K.

Councillor Bill Hodgson: "We certainly would not want to do without a hospital. It certainly will not close up within a month. Let council make the final decision as to how the expenditure will be met at the next meeting in August.

Councillor Russell Snider was not heard from as he was absent from council meeting. Later he pointed out that Nobleton and West King part of the township use Humber Memorial hospital chiefly.

Reeve Armstrong: "County and Provincial grants are given to York County hospital, which will offset some of the balance of debt."

It was pointed out that the Newmarket hospital is no exception as far as deficit is concerned. Most public hospitals have to operate on the same basis. Private institutions make up their own losses if any, without government grants.

As it stands, the township council will make its decision at the August meeting as to what grant will be given to the hospital board and how the money is to be raised.

BIRTHDAY CLUB

Birthday wishes are extended this week to:

Gayle Johnson, Newmarket, 2 years old on Thursday, July 3.

Jo Ann Sutton, Newmarket, 8 years old on Friday, July 4.

Edgar Fildey, Newmarket, 10 years old on Friday, July 4.

Laurine Brammer, Newmarket, 13 years old on Sunday, July 6.

Marion Gibson, Newmarket, 14 years old on Monday, July 7.

Donald Ward, Newmarket, 5 years old on Monday, July 7.

Gayle Hutchinson, Newmarket, 4 years old on Monday, July 7.

William Richard Fairey, Newmarket, 6 years old on Tuesday, July 8.

Jean Eleanor Heacock, Newmarket, 4 years old on Tuesday, July 8.

Earl King, Ravenshoe, 7 years old on Wednesday, July 9.

Margaret Ruth Wilkinson, Sharon, 11 years old on Wednesday, July 9.

Gordon Rae Miller, Sharon, 11 years old on Wednesday, July 9.

Garry Allen, R. R. 1, Mount Albert, 2 years old on Thursday, July 10.

FRANKLIN SCHOOL

The names of the pupils as listed below, indicate the promotions, resulting from term record, and the June examinations.

Grade 8 to 9, Norma Brown (H), Shirley Baker (H), Margaret Tindall (H).

Grade 7 to 8, Marion Baker (H), Larry Rose.

Grade 5 to 6, Joan Murphy (H), Douglas Howlett, Gary Hammett.

Grade 4 to 5, Jimmy Mereweather (H), Ross Maskell, Joan Baker.

Grade 3 to 4, Wilfred Rose (H), Brian Rutledge, Fern Maskell, Irene Baker.

Grade 2 to 3, Roger McClure (H), Barbara Rutledge.

Grade 1 to 2, Ian Park (H), Dianne Mereweather (H), Allan Mainprize (H), Josef Gehrken (H).

Grade 1a to 1b, Donnie Oldham, Barry Graham.

Beginners to Grade 1a, Lloyd Baker, Murray McGuckin, David Gehrken.

Best attendance record, Joan Baker, 1st; Norma Brown, 2nd; Irene Baker, 3rd.

Grant Ferguson, principal.

Mount Albert News

Misses Florence and Gladys Brooks are attending a teachers' summer course at Northern Vocational school in Toronto.

Next Sunday evening will be Decoration service at Mount Albert cemetery with Rev. C. P. Shapter as the minister at 7 p. m., D.S.T.

Mrs. F. G. Draper, Mrs. Richards and Carol of Toronto were weekend visitors with relatives in town.

Miss Myrtle Draper of Toronto spent the weekend at the home of her brother, W. R. Draper.

Miss Marjoria Moore of Winnipeg was in town for a short visit, renewing old acquaintances last week.

Mr. and Mrs. Roy Carr attended county L.O.L. service at Miami Beach on Sunday evening.

Tom Carruthers of Uxbridge and Mr. and Mrs. V. Mitchell of Newmarket were visitors of Mrs. S. Cain over the weekend.

Dr. Jas. Hamilton and friend of Geneva, N.Y., spent the weekend with his mother, Mrs. A. Crowle.

Mrs. Clara Armstrong has returned to her home near Buffalo after a visit with her sisters, Mrs. Shields and Mrs. Harmon.

F. G. Draper of Toronto, Mr. E. Wrightman, Newmarket, and W. R. Steeper spent the weekend on a fishing trip to Port Severn.

Mr. and Mrs. Snyder, Paul and Rickey are spending their holidays at their cottage near Port Elgin.

Mr. Blackall of Toronto is relieving at the Dominion Bank in the absence of Mr. Snyder, the manager.

Mr. and Mrs. Robt. Harmon of Parry Sound spent a few days last week at the home of Mr. and Mrs. W. H. Theaker on their way to Pakenham to spend summer holidays.

Mr. and Mrs. Donald Crone of Toronto were visitors over the weekend of his mother, Mrs. Scott Crone.

Correction: Members of the Women's Institute Blue Cross group, your payment will not be due till early in August.

Miss Marilyn Reed of Toronto is spending a week of holidays with Mr. and Mrs. Jas. Slorach.

The Orange Lodge is having the draw for combination radio on Saturday night.

Mr. and Mrs. R. F. Cunningham are spending a week's holiday at Cosy Corner cottage at Franklin Beach.

Temperanceville

On Thursday, July 17, the W. A. and W.M.S. will meet at the home of Mrs. Clayton Beynon. The topic will be taken by the W.A. "Christian use of time and talent." The roll call is "a talent I could put to use." Mrs. William Hudson and Mrs. Frank Bell are on the lunch committee.

On Tuesday, July 2, Mrs. W. Jennings, Mrs. M. E. McClure, Mrs. Herbert Howell, Mrs. Fred Boys and Mrs. Edward Paxton attended the meeting of Wesley W.A. as representatives from Temperanceville. The speaker was a graduate of the university giving a complete report of the life and training of a graduate of the training school for missions. Little publicity has been given the basic training and accomplishments of those sent out from these schools.

However, the great need for workers and funds has resulted in a campaign this year. The required amount to be raised by Temperanceville parish is approximately $63. Mrs. M. E. McClure and Mrs. Frank Bell are on the committee for Temperanceville.

There will be no meetings of the W.I. during July and August. This is due to busy days, hot weather and the hope that members will have time for a little relaxation.

Mrs. John Jennings has spent the last three weeks with her daughter, Mrs. Alvin Wideman, Ottawa. Miss Mabel Jennings and Donna motored to Ottawa to bring Mrs. Jennings home this weekend.

The Burton Palmer family enjoyed a picnic at Lake Simcoe on Sunday afternoon.

Miss Marie Mulliett is spending the summer at the home of her cousins, the Levisons.

Mrs. Emerson Jennings is staying with her father, Mrs. Roy Folliott, during the summer months during which time she hopes to find living accommodation near her husband's work.

After a pleasant day of entertaining, Mr. Harvey Mashinter was returning his guests to Toronto on July 1 when they met with an accident south of Richmond Hill. While about to turn a corner a car behind Mr. Mashinter failed to slow down an hit the rear of the Mashinter car. None of the occupants were injured.

Little Jimmy Chalk met with a severe black eye this week when a steer kicked him square in the eye. Fortunately no serious damage was done the eye but doubtless Jimmy, aged 5, will have a black eye for some time.

Miss Millie Umeharh is spending a two weeks vacation with her parents, Mr. and Mrs. John Umeharh.

Judy Paxton and Collin Bradley have completed one delightful week of Bible Vacation school at Oak Ridges schoolhouse. Approximately 50 pre-school school children are attending and the total attendance has been as high as 136 pupils.

Miss Clara Herrima, Susanne Levison and Marie Mulliett had the opportunity to join the group attending classes at the Thornhill swimming pool on Saturday. Classes will be held twice a week to which a bus travelling from King takes the children. Fourteen lessons completes the seasons course. Donna Jennings will also be taking advantage of these privileges after her return from Ottawa.

BERRY FESTIVAL AT LEGION HALL

A successful strawberry festival was held on the grounds of the Newmarket Legion hall under the auspices of the Legion Ladies' auxiliary on June 25. Mrs. Charles Gordon was general convener. Assisting her were Mrs. Wesley Tobey, Mrs. William Brooks and Mrs. Gordon Downward. There was bingo in the hall in the evening.

A surprise feature of the festival were the "Bran Tubs" for the children. These were grab-bag packages which the youngsters fished from the tubs of bran. They proved very popular with the children and were sold out. There was home baking and a sale of candy.

Redmen Tied At Top

Explosive early stick work carried Newmarket Redmen baseballers to a 10-5 win over Beeton at the Fair Grounds Friday. The victory set the Cain-Robinson-Hudson red hot nine back in a tie with Alliston for the league lead.

The Redmen raised a 10-1 blister over the first three frames as Jerry Hugo, Hack Cain and Stan Winger delivered run scoring hits in the lead off innings. Wilf Elsby's double was big blow in a four-run second.

Redmen who liked what Bing Speck, Beeton hurler, had to offer jack-potted for another three in the third as Jim Cook, Ken Broughton, Alvie McKnight and Bill Grant stepped up and furnished run scoring drives.

Redmen collected only ten hits—Beeton got 12 off Ken Broughton. Difference was Broughton, who racked up seven strike-out victims, got mighty stingy with the Beeton clubbers when the base-ways were occupied. All Redmen hit safely.

Local fandom lauded Jim Cook's perfect plate performance. Cookie counted three hits and a walk in four appearances. Alvie McKnight also came in for plaudits with two singles and a walk in three official tries. Wilf Elsby contracted for the Redmen's only extra base drive, a double in the second.

Beeton's one-two punch men were Don Watson and Len Stewart with three hits apiece. Earl Hill working in relief on the Beeton hilltop had our tribe biting at and missing his round-house curve.

Midgets Win Two Up

A two-run rally atop the sixth broke up a 5-5 tie to let Newmarket midget baseballers come through with a sweet 7-5 win over Richmond Hill Tuesday evening in a North York Midget Baseball League game. It was the local's second straight win. The Hillers will be back here on Saturday afternoon at the Fair Grounds at 2.30 p.m.

Bob Forhan was Newmarket's big hitter with three for four including a towering four-base smash. Fred Bennitz, Don McKnight, Bob Bannister, Merlyn Bales and Laurie VanZant contracted for a hit each as the locals outhit the Hill by an 8-5 margin. Bob Bannister worked four frames and Merlyn Bales completed the Newmarket mound chore, restricting the Hillers to six hits. Red Hart went the route for the losers, accepting ready hit support from Paul Atkinson and Dave Pollett with two each.

Pin-ups Win From Sutton

After a slow start that saw them trailing 8-2 in the fifth, Geo. Watt's Newmarket Pin-ups got hit happy to drive home 20 runs in the last three frames to top Sutton 22-9 at the S.S. Diamond Tuesday in a Lake Simcoe Junior Ladies Softball League contest. The win was the Pin-ups' second of the season.

The Watt clan got steady pitching from Kay Diceman, lusty bat swinging from Glenna Woodhouse, Isobel Rogers, Barbara Gwilliams, Marilyn Lee and Loretta Forhan, and alert defensive play from Patsy Quinn, Betty McArthur and B. Shropshire.

Beverly Croutch, in a pinch-hitting role, swung for a bases-loaded homer to add fuel to the Sutton rout. Rita Riddell, Lil Beattie and Ann Oliver were Sutton's leading hitters.

North York Tops

Four teams, Zephyr, Keswick, Oshawa and North York, entered the Zephyr Sports Day softball tournament. Bill Taylor's North York entry, which appears to be making a habit of picking up the major prizes at the softball tournaments, walked off with the top money by defeating Oshawa 9 - 0 in the finals. In the first round of the tournament, Oshawa nipped Zephyr Blues 3 - 2. In the other first round action, North York jumped on Charlie Justice, ex-Beaches ace hurler working on the mound for Keswick, for three first innings runs to forge a 3 - 0 victory over Keswick.

HASHMAN AWARD

Eddie Gibson's Effort

Recently, this paragrapher in one of his weekly discourses remarked if something wasn't done about the Fair Grounds screen it was going to topple. Last week, along with a good many other Hubtowners, we went away on our annual vacation. When we came back, the screen was straightened and everything looking neat and trim again.

Whodunit? we asked. Nobody knew. But after doing some Sherlocking on the subject, we found we had one Hub sports enthusiast to thank for the job That chap was Eddie Gibson.

Eddie is the last guy who would want us to blare this forth but nevertheless, such eager beaver sport enthusiasm deserves this week's Hashman award and Roxy Theatre pass.

Your Hashman doubts if there's a harder working sports enthusiast in town than Eddie Gibson, recalling his contribution of voluntary labor at the arena during the ice installation and general help with the ball and hockey teams of the Hub. More power to you, sir. Like they say, "if you don't get your reward in this world - you will in the next."

Blues Lead Lake League

Three-win week for Ches. Lunney's Zephyr Blues. Keswick kept their unbeaten record alive, pasting Vandorf and Willow Beach. Feature game was Willow Beach's 3-2 win over Mount Albert as veteran hurlers Cec. McNeill and Ken. Mitchell hashed up a tight three-hitter duel.

Beachers claimed the win on three third frame runs as Don. Trivett, Don. Cameron and "Skid" Burrows furnished the pay off clouts. Kelly Case, Lorne Rutledge and Ken. Mitchell located the hit button for the Mounties.

Erupting for 10 sixth innings runs, Pine Orchard short-circuited Queensville 15-8. All the Brammer boys got into the hit act with Roy Eves and Lorne Shropshire providing the over-the-fence music. Doug. Eves' four master and Cliff Ward's three hits featured with Queensville. Ted Tidman was the pitching winner as Lon. Ganton had to accept help from Cliff Ward in the sixth.

Tom Hare moved his Keswick heavy artillery into action to humiliate Vandorf 16-8. Keswick big bats clubbed 19 hits off Josh Preston. Ron. Rowe, double and three singles, and Eddie Chadwick, triple, double and single, were the victors' big guns. Dorfers clipped Harold Smith for eight safeties, Bill Kingdon teed off for a triple and single to lead the Dorfers.

Harold Smith spun a five-hitter and Keswick got off to a running start with eight, lead innings runs to top Willow Beach 18-4. Eddie Chadwick's homer and two doubles, Ken. Hodgins' double and Harold Smith's two-baser provided the Keswick extra base clubbing. Don Trivett homered and Don. Cameron poled out a pair of singles for the Beach.

Zephyr started their winning week with a 13-1 victory over Belhaven as Ron. Kester got off a razor sharp five-hitter try. Clark Arnold, Ron. Kester, Don. Hewlett, Harry Howse, Ken. Pickering and Alan Lockie supplied the Blues' high powered hitting. Belhaven fans rooted the hit-producing efforts of Merlyn Winch, Herb. Tomlinson, Judd Rutledge, Bernard Kay and Alvin Young.

Due to fractured hand injuries received in previous games by Bob Winch and Harold Knights, Belhaven was unable to field a team last Friday and Ches. Lunney's Blues picked up a default decision.

Monday, the Blues moved into Pine Orchard and collected an 8-2 decision on the strength of Ron. Kester's five-hitter and three lead innings runs. Ron. Kester backed his pitching try with three, Ken. Pickering, Ches. Lunney, Harry Howse and Bill Lockie chipped in with a pair of hits in the Blues cause. Harry Brammer, Bob Shropshire, Andy Lloyd and Nobby Ash poled out the Pine Orchard bingles.

Vandorf at Mount Albert game was rained out.

Redmen Lose

Faltering in the last of the seventh Newmarket Redmen dropped a 6-5 decision to Alliston there last Wednesday. The loss kept Newmarket from taking over first place. That baseball phrase, "you never know until the last man's out", was amply proven in this game.

Here's the picture. We lead 5-4 going into the last of the seventh. Ortie Thoms needs to get three men and we win. Alliston load the bases with two out. John Ney is the Alliston batter. Ortie gets a 3-2 count on him. Ortie's pitch is a little too good. The Alliston clubber puts it through the hole between short and third—two Alliston runs come in and they win the game 6-5.

Tough one to lose particularly as the Redmen load the bases in the top of the seventh with one out and couldn't plate a run. We outhit them by a 9-8 margin. Palgrave appear at the Fair Grounds tomorrow Friday night. Game time is 7 p.m.

The prairie crocus is the emblem of Manitoba.

Base metal mines are adding more than $25,000,00 annually to Quebec's mineral income.

More Sport News Pages 7 & 9

Aurora Ladies Lose Two

Aurora ladies appear destined to do their house-cleaning in the Lake Simcoe junior ladies softball league basement. They're still searching for their first win of the campaign. Last week they dropped a pair of contests to Queensville. Despite a five-run, last-of-the-seventh rally Friday in Aurora, Queensville protected an early lead to gain an 11-0 victory over the winless Aurora gals. In the tilt at Queensville, Aurora were never in it as Queensville went on a merry-go-round hitting spree to fashion a 35-11 triumph. In the Aurora home game, home run blows by Yvonne Johnston, Alma King and Evelyn English supported Helen Burbidge's pitching as Queensville led off with a five-run first innings. Frances Hartsman, Carol Taylor, Alice Wells and Velma Hammond punched out a couple of hits each to spark Aurora last ditch rally.

North York Tennis

The following schedule has been drawn up for the North York Tennis League, it was announced this week: July 9, Mt. Albert at Newmarket, Richmond Hill at Aurora; July 16, Newmarket at Richmond Hill, Aurora at Mt. Albert;

July 23, Aurora at Newmarket, Mt. Albert at Richmond Hill; July 30, Richmond Hill at Newmarket, Mt. Albert at Aurora; Aug. 6, Newmarket at Mt. Albert, Aurora at Richmond Hill; Aug. 13, Newmarket at Aurora, Richmond Hill at Mt. Albert.

Lions Program

Over 200 boys and girls ranging in ages from 5 to 14 have registered for the Newmarket Lion's club summer playground. This year marks the eighth consecutive year the local Lions have sponsored the summer program. It opened this week and will run for a six weeks' period.

The program is conducted from 1.30 p.m. to 4 p.m. each weekday Monday to Friday inclusive. The usual round of volleyball, softball, baseball and games for the youngest registrants is planned. Friday, as many as possible will go by bus to Musselman's Lake for swimming. The program this year is in charge of Neil Lothian and Mrs. Mabel Lothian.

CLOSSMEN HERE MONDAY

President Mickey Smith of the town softball league, in his plan to add spice and variety to the town league season and boost sagging fan attendance, has lined up another stellar attraction for next Monday. Andy Closs will bring in his Aurora all-stars for a game with the Office Specialty.

It will be recalled that late last season, as one of the floodlight attractions, the Clossmen defeated the Specialty 6-4 in an exhibition game. Handy Andy promises to do it again. Coach Harold Craddock of high flying Specialties claims Aurora will never do it again. The game will follow the regular town league game between Hoffman and Thompson-Bell.

Haskett Picks Zephyr Blues To Top Lake Simcoe Loop

By Geo. Haskett, Sports Editor

Mustn't shirk our responsibilities any longer. This, my friendlies, is the week when this paragrapher tells one and all who'll win the Lake Simcoe softball league flag.

Our saw is sharpened, got the limb picked up, so we're away to races. As we go into our act we find the Lake Simcoe race is hotter than a July heat-wave. Our crystal ball indicates it's a two-way scrap, Zephyr Blues and Keswick. That, of course, is pitching versus slugging.

One veteran observer, boasting 20 years' experience around the Simcoe circuit, say: "Make no mistake, son. Stick with the pitching and you'll never go far astray." We agree.

As Ron Kester goes, so go the Blues. And right now, Ronnie is slipping them by the hitters in play-off pitching style. That's why we are calling Ches. Lunney's Zephyr Blues to repeat and capture their third straight title.

Keswick has hitting power to burn, nifty fielding, and Harold Smith is having a good pitching year and may rise to the occasion to pitch mates through to the crown. While on the subject of pitchers, Ken. Mitchell is back in harness and showing signs of life. He might be just the man to upset our calculations by pitching Mount Albert into the winner's circle.

Queensville will make the play-offs. Acquisition of the Hope hopefuls, Cliff Ward and Bun Cook, has helped materially but the Cryderman vets-rookie combination, could be wrong of course, are a year or two away from championship form.

Harry Brammer's Pine Orchard tribe could possibly prove the surprise packet. They are down the ladder now, but they've got hitting power in Noel and Howie Ash, the Shropshire brothers and Bill Dike, and given the right brand of chucking from Ted Tidman, could cause all kinds of commotion in the play-off tangles.

Willow Beach have veterans headed by Cecil McNeill and Don. Cameron and rookies evenly divided but don't appear to be able to overcome the "one bad innings" jitters.

That lops off Belhaven and Vandorf. Judd Rutledge's Bels have been hit hard by injuries while Harry Lavender's company at Vandorf don't seem to be able to hit a winning stride. Those latter two teams appear destined to sit out the play-off rounds.

Summing it up, we like Zephyr for title and we'll probably get a "nasty note" from Ches. Lunney for putting the hex on his men. If we're wrong about the whole business, write us care of the North Pole. We'll be hiding out with Santa Claus.

Specialty Tops Loop

Specialty rode to the top of the town league heap Monday as a result of a 7-0 win over Hoffman. Specialty knocked out ten hits, not a one was for extra base, but those dinky little bloppers just over the infield had the Hoffman inner picket line and outfielders moaning before the night was over.

Specialty moved their hitting artillery into position to count all their runs in two big frames. They counted four in the fifth, enough to win the game, and added three insurance runs in the sixth. The top and bottom end of the batting order shared in Specialties' one-two punch. Bun Cook and Wilf Elsby speared three hits each, Tod Mosier and Don Glover combed Bill VanZant's fuzz ball pitch for two each.

Don Glover, doing everything right, restricted the pressman to five hits. Only in one innings did the pressmen really make a threatening gesture to destroy the shut-out sting. That effort came in the third as Bob Murray strolled Laurie Thoms and Don Gibson singled to populate the sacks with two out. Glover was equal to the occasion protecting his shut-out by inducing Ken Thoms to loft to Wilf Elsby to snuff out the rally. Don Gibson counted two hits to lead his Hoffman mates at the plate.

Hoffman and Office Specialty were town league victors in the double-header last week at the Fair Grounds. Leading 4-3 into the last innings, Hoffman sluggers exploded for six runs to nail down a 10-3 win over Sport-Cycles. In the nightcap game, five-hit pitching by John Shedlowick, coupled with a three-run uprising in the fifth, enabled Specialty to dump Thompson-Bell 5-1.

John Shedlowick lost his shut-out bid in the second as Mickey Smith and Alf Peel tied side by side singles together, plus an infield error, to plate the T-B's lone tally.

Affice Specialty fashioned a six-hit attack against Morley Cook. Jerry Hugo and Don Burch spearheaded the clouting with two hits apiece. Mickey Smith collected two of the T-B's five safeties.

Odd Jottings From The Field

Short sport shots: Bob O'Reilly, who hails from the highlands of King township and who did some better than average leatherpushing a few years back, has resumed his ring work and is doing right well for himself in the squared circle. Bob has been on cards at Oakwood stadium, Hamilton and Toronto Riverdale the past few weeks.

If we remember rightly, back in the early 30's there was an up and coming club at Newmarket which featured **Rocco Smart** and one or two others. Just prior to the war, **Tommy Burke, Bob Benville** and one or two more Canal-towners were doing all right with the boxing gloves. Burke, one of the better amateurs of the province, was unfortunately to pay the supreme sacrifice.

Perhaps the greatest boxer ever developed in these parts was **Dr. Lindsay Robinson** of Aurora, presently practising medicine in New Jersey, where he is a state psychiatrist. "Whiff" in the mid-20's won the intercollegiate fly-weight (105 lb.) championship fighting for Toronto Varsity.

Gordy Smith, son of Sutton's Leon Smith, one of the northern village's promising young baseballers, was pressed into service in intermediate company not long ago and got a hit in three tries and fielded well against Sunderland. **Andy Closs** has entered an Aurora team in the junior O.B.A. series. The team which has considerable talent, especially if the lads of junior age, presently playing ball with Newmarket join the club, will unfortunately have to accept a bye which is not very satisfactory. It's a step in the right direction, however, to see the team organized.

John Shearson of Aurora, who attends St. Andrew's College, is playing golf at the Toronto club these days and judging by his performances he ranks with the best in the juvenile class in Ontario. **Amateur wrestling** will feature the Lake Marie jamboree at King City on Wednesday next. Pep Perryment's Aurora kids vs Bob McLeod's King grapplers and fun and games for all.

Bill Taunton finished third in the record breaking junior mile and the record breaking three mile event in Toronto last Saturday. The Bradford boy who was defending titlist, ran a great race, but the competition from Ottawa and from a teammate was just too much. **John Ramsell,** 15-year-old one man band from St. Andrew's College, who is with Earl Deacon's Agincourt club, was one of the stars of the juvenile section, capturing two events and setting a record in the discus as well as being on the winning relay team. Too bad that none of the district secondary school stars can not get a chance at the meets.

The advent of the new **cinder track** at Aurora high school should give track and field a big boost in the area. We have the material, but need year-round coaching and plenty of practice. **Cliff Chapman,** who is doing a great job with the rejuvenated **Aurora Cycling club,** hopes to use the track as well and it's to be hoped that the District School Board will allow the pedal-pushers to use the track. Cycling meets to be resumed in any event, come the fall, would be able to stand on their feet financially and the crowd wouldn't miss a thrill or a bit of the race if the club gets the green light for the track.

Diggers Win Again

After losing their first game a week ago, Mickey Sutton's Ditch Diggers are on victory march again. Flashing a six-run attack in the fourth and mopping up with four in the sixth, the Diggers floored Dave Ferguson's Rockets 14-5 Tuesday in an Aurora town league fixture. The win put the Diggers in sole possession of first place.

Sutton's men also got five-hit pitching from Bill Mundell. Two of those hits were produced by John O'Mahoney, two by Rocket first sacker Bud Cata, and the fifth by Doug. Richardson. Ray White and Tracy Ba[illegible]rager cracked out home [illegible] Bob Turan tripled as the [illegible]gers sparkled at the plate [illegible] a 12-hit assault [illegible] moundman Doug. [illegible]

PAGE ELEVEN — THURSDAY, THE TENTH DAY OF JULY, NINETEEN HUNDRED AND FIFTY-TWO

COUNCIL REPORT

Chosen From Several Tenders Contract For New Reservoir Given To Aurora Building Co.

The regular meeting of the town council was held on Monday night, July 7, with Mayor Rose in the chair and all members present. Two outstanding features in the proceedings were a report from Councillor Jones, chairman of the Water committee, and a discussion on the arena report which will be found in another column.

Among the correspondence received was a letter from Mrs. Spillette, thanking council for flowers and condolences on the death of her husband, the late Warden of York county and deputy-reeve of Newmarket.

A communication was received from the Dept. of Agriculture concerning the community grant in regard to which Councillor Jim Murray had made a personal application on behalf of the arena. It was indicated that the blueprint was found satisfactory and that the Dept. would now make the required inspection.

The W.I. made application in connection with the annual mile of pennies, the date for which was September 6, and this was agreed to.

Council resolved to proclaim August 4 as a civic holiday.

Town Park

Councillor Murray drew attention to the neglect on the part of some organizations to leave the town park in the same condition as they found it and suggested that a stipulation should be made accordingly.

Councillor Davis said he agreed with Councillor Murray, stating that he had felt ashamed of the condition in which the town was left. He added that washrooms should be open daily and signs installed to indicate their location.

On a motion by Councillor Davis and seconded by Councillor Tucker, council resolved that the washrooms should in future be opened at 8 a.m. and closed at sundown.

A motion by Councillor King and seconded by Councillor Murray was approved to the effect that it be made conditional in future that all organizations using the town park must undertake to clean up on their departure.

Yonge Street Highway

Deputy-Reeve Murray, chairman of the Streets committee, dealt at some length with the Yonge street question. He stated that he felt rather worried over any delay and would favor a special meeting of council if that would help.

The deputy-reeve was of the opinion that an approach should be made to the Hydro and Bell Telephone Company in connection with the removal of poles.

Councillor Murray, reporting on his interview with the deputy-minister of highways, stated that he had found the minister very co-operative. Construction was going on at the present time, said Mr. Murray, and it appeared to be a good time for the province to take over. He suggested that the town should go ahead with the work for in any circumstances the provincial department would meet at least half of the costs.

Objectionable Fence

Councillor Davis drew attention to several complaints that he had received in connection with a fence that had been put up on Gurnett Street.

Deputy-Reeve Murray referred again to town building by-laws and said they were not fairly administered. The fence complained of had been put up to keep a child from wandering.

Council directed that the town clerk instruct the property owner concerned to remove that portion of the fence obtruding on town property.

Harrison Avenue

The sewage question was again brought up with the deputy-reeve commenting that the sewage problem on Harrison avenue and other areas was due for an engineering survey. Mr Murray wondered if the time were not appropriate for the appointment of a town manager, as the problems appeared to be getting too big for council.

Councillor Jones said it was often just a case of one engineer reporting on a former engineer's report.

Reeve Cook expressed the view that the town foreman should be able to handle the Harrison Ave. complaints. He knew what they were all about.

Parking Meters

Councillor Murray asked when council might expect a further report on the meters? He thought they should be brought up to date on them.

Councillor Corbett observed that a report should be furnished at least every three months.

The clerk was instructed to prepare a report as early as possible.

New Reservoir

Indicating that Councillor Jones, chairman of the Water committee, had an important report to present, Mayor Rose called for it.

Councillor Jones reported that his committee had accepted a tender received from the Aurora Building company for the construction of the new reservoir that council had approved. Mr. Jones said that in deciding to allot the contract to the Aurora Building company his committee had regard for the fact that local labor would be employed and the quality of Mr. Bowser's building work was well known.

The cost of the new reservoir will be $29,758, plus $420, representing tax.

Reeve Cook said he commended the boys for a good choice, a sentiment unanimously shared by all members of council.

Zoning By-Law

Giving a verbal report on the planning board, Councillor Tucker said that the zoning by-law would again be presented to council in the near future. It had undergone careful study.

North York Humane Society

Councillor Murray referred to a report that had appeared in the other local paper regarding the opening of a store by the North York Humane society. Mr. Murray said merchants who paid taxes were objecting in view of part of their taxes being paid to the society on behalf of the dog control agreement. He was drawing the attention of council to the feeling on the matter of some of the merchants.

Congratulations!

Councillor Tucker said he would like to congratulate the Junior Chamber of Commerce on winning an award for town beautification, and the two local newspapers on their success in gaining trophies.

Council unanimously approved a motion to that effect, after which the session adjourned.

(A review of the foregoing meeting will appear in "Council Sidelights" in next issue of Aurora News Page. Ed.)

AURORA POST OFFICE

Mr. Ken Forsyth, Aurora, has secured the contract for the decorating of the Aurora post office building, outside and inside. Work will commence on Thursday, July 10, and is expected to be completed in about five weeks.

EDITORIALS

A SECOND OF TIME!

A motorist was proceeding south on Main street after having been halted by the red light at Wellington. He had proceeded for a distance of some two dozen yards when a teen-age girl suddenly dashed out from the sidewalk. Her intention was to get to the other side of the highway in a hurry. Obviously she was taking no account of traffic on the highway.

She was not knocked down. Apparently in her excitement she fell down by the side of the car. Medical examination disclosed that she had suffered nothing more than a sprained wrist. The motorist pays a heavy insurance premium and the company voluntarily paid the girl $50. The accident took place in daylight and several witnesses were prepared to swear that the motorist was entirely blameless in the whole matter.

Probably the motorist suffered more than the thoughtless teen-ager who rushed onto the highway without regard either for her own safety or the safety of drivers. He had been driving a car for several years without accidents. He was justly proud of his motoring record which showed nothing worse than a $1 fine for a technical offence. He had driven a car not only in Canada but in the United States also.

He was mentally worried over a mishap of which he was innocent. He realized that one second of time might have made all the difference between a teen-age girl being alive or dead. Witnesses said he was moving at no more than 20 miles an hour, if as much. Had the careless girl gotten in front of the car the result might have been tragic.

There is no remedy, it seems, for human folly. Motorists are constantly warned to "drive with care". What about pedestrians walking with care? The thoughtless pedestrian can be as great a danger as a careless motorist. The careless pedestrian in this case got $50. The careful motorist collected only a little load of undeserved worry.

SITTING IN THE GARDEN

At this time of year there is nothing that pleases us more than a seat in the garden towards sundown. The noises of the day of the outside world have largely gone and the peace of a summer's evening is healing to body and mind. A pipe, tobacco, and a comfortable chair in the shades of evening and we are happy.

We are not lonely when we are alone. We crave for no gossip, which we dislike at any time. We can employ our thoughts with things past and present. Sometimes we hear in memory the voices of those we shall not see again. Laughter in the by-gone years comes back to us in the quiet night. Old conversations are once more rehearsed. Passages from books that were our favorites in youth come back to us. It is fine to sit in the gathering shadows of night alone and undisturbed.

The early blooms of spring are gone. The gentle snowdrops, the tulips, the daffodils, the imperial irises; their glories are departed. "The flower that once has bloomed forever dies." But there are glories of color still to come. And the roses are blooming in their varied abundance. Despite the drought we have no fault to find with the success of our vegetable patch.

On this peaceful summer's evening there is excitment nearby our chair! Cries of alarm are heard as danger has made itself manifest! On the topmost thin stem of a lilac bush a young robin, whose wings are still not strong enough to carry it to safety, quietly responds to its parents' shrill warnings as the yellow-haired cat prowls menacingly by. It was then that we recalled Tennyson's line: "Nature red in tooth and claw."

The yellow cat went its way and all was peace again. We, too, went our way for the night, leaving to the stars the perfume of the roses.

A LOST ART

We refer to the art of speaking in public. It has been on the decline over a long period. It may be that in the mechanical age which is ours, speech itself is on the decline. Many things that had to be won at considerable effort are now served up to us in a crazy tabloid fashion over the radio. There is not so much worthwhile reading done as formerly. Consequently real education itself is on the decline.

To speak clearly and convincingly in public is an art that requires training. Not necessarily training by experts. One can teach oneself to speak clearly and convincingly. It can be learned through debating societies. But where can one find debating societies today? We remember them from our youth when nearly every village in England could boast of its literary club. Such clubs have been replaced by the juke-box or the roaring ruthless radio.

There are plenty of mumbling speakers. They give one a pain in the neck in straining to decipher their inaudibilities. One feels often enough that it might be a good thing to learn lip-reading. An easier method would be the installation of loud speakers, in which case the cure could be more cruel than the disease. Good manners prevent one from asking the mumblers to "please speak up".

It may be that some day the Aurora Recreation Commission will initiate a school of elocution among its numerous activities. Such a school could serve a most useful service, always providing that its teachers were not themselves mumblers!

CLOSED MEETING REPORT

Mayor Rose Makes It Plain Arena Closed Meeting Held At Request Of Mr. Underhill

Immediately on reaching "Unfinished Business" at Monday night's meeting of council, Mayor Rose drew attention to the absence from the minutes of the June 16 meeting of an important resolution taken after he had vacated the chair, after having been succeeded as chairman by Reeve Cook. This was the prelude to a history-making session.

Towards the close of the June 16 meeting discussion arose again in the arena problems when it was resolved to continue the closed meeting that had been held on June 9. On June 9 a joint meeting of the arena board and council was held and arising out of it Mr. W. H. Stoddart and Councillor Ralph Tucker were appointed to draw up a report for publication.

When the report (now published in this issue) was presented to Mayor Rose he refused to sign it. A similar refusal was given by Councillor Corbett, chairman of the property committee, and Councillor Jim Murray. Their refusal was based on what they asserted was a misrepresentation of the facts.

The report remaining unpublished it was again discussed at the further closed meeting of council on June 16. At this meeting Mayor Rose ruled that as the meeting on June 9 was a closed meeting any continuation of it must likewise be held in private. At the June 16 meeting Councillor Tucker affirmed that it was "imperative" that a press report appear that week.

Decision In Mayor's Absence

Clarifying facts having now come to light, it appears that Mayor Rose made every effort to arrive at a compromise so that a report could be published in the local newspapers on Thursday, June 19. His efforts at compromise were, however, turned down by Councillor Tucker who, with Mr. Stoddart, had prepared the report. Councillor Tucker demanded that the report be signed by Mayor Rose without the alteration of a single word. This demand Mayor Rose flatly refused. His refusal was sustained by Councillor Corbett and Murray, neither of whom would sign it.

At around 11.45 p.m. Mayor Rose was called by telephone to an urgent medical case. Before leaving he stated that "as far as he was concerned the meeting was over, as he would not sign the report in accordance with the demand made." After he had left the meeting Reeve Cook was voted to the chair.

In the mayor's absence a recorded vote on the report was taken and those in favor of the report were: Reeve Cook, Deputy-Reeve Murray and Councillors Davis, Jones, King and Tucker. Voting against the report were Councillors Corbett and Murray.

Although the report was prepared in order to release it to the press it was not in fact handed to the press. No explanations were given why the report was withheld from publication.

Mr. Underhill's Request

At Monday night's meeting, when the matter was brought up at the "Unfinished Business" stage, Mayor Rose said he wished to make it "perfectly plain" that it was Mr. Underhill, the chairman of the arena board, who had asked for the closed meeting on June 9. "The closed meeting," said the mayor, "was not my idea. It was Mr. Underhill's." Mayor Rose pointed out that as matters now stood those who signed the report had one of two choices. Either they must table the report that night and release it to the press, or rescind their motion. He definitely refused to take further part in the report. He would never sign it.

Deputy-Reeve Murray said it should be released to the press but the mayor must sign it.

Councillor Murray pointed out that Reeve Cook was in the chair when the recorded vote was taken. The mayor was not present and could not be called on to sign something which he did not believe to be true.

Deputy-Reeve Murray said it was his opinion that as head of the table the mayor would automatically sign it.

Mayor Rose replied that he would not sign it.

Reeve Cook said it seemed that it was not a matter of "who's right, but what's right." He was in favor of the report being published.

Report Not Signed

When it was pointed out that up to the present no one had signed the report, Councillor Tucker rose to say that he was sorry the report he had prepared had caused so much trouble. He was himself prepared to sign it on behalf of the arena board.

Mr. Tucker then suggested that he might get the authority of Mr. Underhill to sign it. No reply, however, was forthcoming when Mr. Tucker tried to reach the arena board chairman by telephone and he then tried to reach Mr. Stoddart, who was reported to be on holiday.

Mayor Rose said it was a matter of indifference to him who signed it. He certainly would not do so.

Councillor Murray made reference to the British practice in matters of dispute, pointing out that when differences arose which could not be reconciled there were often two reports, one a majority and the other a minority report.

Mayor Rose then stated that if the report were to be published he would at the same time offer his own report to the press.

When asked by Councillor Davis when he had prepared his report, the mayor replied that he had prepared his report after the recorded vote taken in his absence.

Mayor Surprises Council!

When the discussion had gone further Mayor Rose presented another report on the arena conditions which appeared to surprise council. This was a report prepared by the recreation director, Mr. P. E. Perryment, "and it backs up everything I have said about the arena," declared the mayor.

The mayor pointed out that Mr. Perryment's report had been sent to the arena board as long ago as April 12 and nothing had been done about it as far as he knew. He did not believe it had ever been considered by the arena board, yet it supported all the charges that he himself as mayor had laid against the arena conditions.

"Give careful thought to what I am saying," said the mayor. "These matters were brought up by Mr. Gundy when he was a member of council."

Legal Interpretation

On the question of whether the mayor could be compelled as head of the table to sign the report which had been decided on a recorded vote, town solicitor Lorne C. Lee ruled that there was nothing to compel the mayor to sign anything that he did not believe to be true. "You cannot compel a man to sign something which he conscientiously believes isn't true," said Mr. Lee.

"I will not sign it and I have no apologies to offer," said Mayor Rose.

Deputy-Reeve Murray said he would move that the report be handed back to those responsible for it.

"Why not send it out as it is without any signatures?" Councillor Jones asked.

"It must be authenticated by some signature," replied Councillor Tucker, who repeated he would be pleased to sign it himself."

"If that meets with the will of council it's all right with me," the mayor replied.

"Childish Talk"

Reeve Cook said a lot of the discussion had been merely childish talk, to which Councillor Murray sharply retorted that "it wasn't childish to deal with matters which everyone in Aurora was concerned with."

Councillor Davis said the rink was not in the condition it should be. It was his opinion, however, that the matter should have been discussed in committee and not in the open.

Councillor Murray: "Either put your report in the press or rescind your motion. Do one thing or the other. We've already spent far too much time on it."

Deputy-Reeve Murray said Aurora was getting a lot of bad

RECREATION COMMISSION

Reply To Reader's Question On The Authorship Of ANP: Finding Relief From Noises

A regular meeting of the Recreation Commission was held on Thursday night, July 3. A considerable amount of routine business was transacted and a highlight feature of the proceedings was the presentation of a travelling bag to Mrs. B. L. Stavert, who has done valuable work for the commission and has lately retired from active teaching.

After the reading of correspondence and the passing of accounts, Mr. W. Harvey Bell, secretary-treasurer of the commission, presented a detailed financial statement bringing members up to date on receipts and expenditures.

The chairman, Mr. Don Glass, expressed some welcoming words to Mr. W. Davidson who has been appointed to the commission by the Lions club to replace Mr. A. Stoltz who, for business reasons recently reported, found it necessary to resign.

Reports

The Rev. G. H. Purchase reported that registration for the Vacation school was excellent.

In discussing the Wading pool project Mr. J. E. Buchanan said there was no likelihood that anything could be done this year. Nothing more had been done by the Board of Trade in connection with the proposal that the Memorial fund be turned over to the commission for the Wading pool proposition.

Congratulations were extended to Councillor Jim Murray on his success in negotiating an agreement with Mrs. Charles Webster for the use of her land for recreation purposes. On a motion by Mr. Buchanan, seconded by Mr. J. Offord, a vote of thanks was accorded Mr. Murray, and at the same time it was unanimously agreed that the secretary be instructed to send a letter of thanks and appreciation to Mrs. Charles Webster for her willingness in agreeing to the use of her land.

CLOSED MEETING RESULTS

Two Statements Issued On Aurora Rink Issues; Mayor Sharply Critical

Printed below are two statements, one signed by a majority of council, the other by Mayor Dr. Crawford Rose, and released following a closed meeting between council and the arena commission. The meeting was held June 6. For the circumstances surrounding the release of these statements, see the news story on the front page under the heading "Closed Meeting Report".

To the Editor, Aurora News Page, and To the Citizens of Aurora:

There has been released this week a "statement for the press", a report of the joint meeting of the Arena Board and Council held Monday, June 9. Because I do not agree that this is a true and unbiased report of the proceedings of the meeting, I have refused to sign it. To have done so would have admitted that the charges I made in council on June 2nd were groundless. The statement I made on that occasion, accurately reported in the press, have been minimized and poo pooed, but have never been denied.

The report says "It was agreed that here was no foundation for the statements made that the new building was unsatisfactory."

Nothing could be farther from the truth.

No such agreement was ever reached.

Is it satisfactory that a new cement floor is like pressed sand, with no body to it and no properly glazed surface? Is it satisfacory that an asbestos ceiling in the furnace room which was destroyed by an explosion in February is still not repaired in June, even though another explosion in March could well have set fire to the whole structure?

Is it satisfactory that the masonite on the coffee bar, built in October, 1949, heaved up from end to end in January, 1950, is still not repaired in June, 1952? If the building is so satisfactory, why the sudden rush to have the contractor come back to fix things up?

I further charge that the most constructive part of the meeting found no place in the report. The following recommendations were made by the mayor to the arena board for their consideration:

(1) The appointment of a finance committee to handle the finances of the arena.

(2) The appointment of an ice or games committee to handle the whole problem of allotment of ice time.

(3) The appointment of a building or maintenance committee to supervise the care of the building.

(4) The appointment of a grounds committee to co-operate with council on the improvement and maintenance of the parking lot.

Failure on the part of a seven man commission to distribute responsibility and-or authority to its members by the appointment of standing committees has been one of the greatest of the Arena Board since its inception.

I am only interested in the proper care of our town property, and the assurance to the public that the rink will be ready to operate October 1st, and I don't mean November 15th.

Dr. Crawford Rose,
Mayor, Aurora.

REPORT OF JOINT MEETING

A joint meeting of the council and the Arena Commission was held in the council chamber on Monday evening, June 9, 1952. The meeting was closed to the press.

The members of council met at the arena at 7 p.m. and made an inspection of the arena premises, both of the old and new buildings.

A lengthy discussion followed with most of those present airing their views. It was agreed that there was no foundation to the statements made that the old building was unsafe or that the new building was unsatisfactory. It was also agreed that some repairs were necessary, many of which would not involve a large expenditure and would be taken care of in the normal course of the summer repairs. It was further agreed that a large expenditure would be necessary if a retaining wall at the easterly limit of the arena on Gurnet Street was erected in order to stop the water flowing towards and under this end of the building. It was thought that the erection of such a wall would stop the the heaving which takes place every year due to the frost.

It was agreed that the improvement to the parking lot in front of the arena was a responsibility of the council including any major repair and the Arena Board would co-operate to this end.

A committee was finally appointed, composed of two members of council and two from the commission to make a complete survey and report to council on the probable cost of items such as the proposed retaining wall.

It was categorically denied that any statement had been made that the Arena Board was an inactive or inefficient body.

A vote of confidence in the Arena Board and its manager, Mr. P. E. Perryment, was unanimously passed by the council.

Councillor Ralph G. Tucker,
Reeve A. A. Cook,
Deputy-Reeve J. Murray,
Councillor Clarence Davis,
Councillor D. King,
Councillor V. Jones.

Editor's Note: We shall deal fully with this report and other arena matters in our issue of next week. In the meantime, however, it should be understood that the last paragraph in the above report, drawn up by Councillor Tucker and Mr. W. H. Stoddart, is entirely misleading in the circumstances since the report was NOT "unanimously passed by the council.". Besides Mayor Rose, neither Councillor Corbett or Councillor Murray would sign the report.

Aurora Social News

The Aurora Vacation School, sponsored by the Recreation Commission, got under way on Wednesday morning, July 2, with a record attendance. The beginners' department is superintended by Mrs. Routledge, the primaries by Mrs. Purchase and the juniors by Mr. Whatmough.

Mrs. Roy Delfray and son Roger visited last week with Mrs. Wm. Watson.

Mr. and Mrs. W. O. McIntyre were weekend guests of Mr. and Mrs. Jas. Bowman, Maple Beach.

Mrs. Geo. Pigeon and Miss Dorothy and Mr. Russell McGregor of Peterboro spent the weekend with Mrs. A. M. Clarke.

Mr.. T. Fish and family have taken up residence in Mr. Cody's home on Maple St.

Mr. and Mrs. Wm. Cox of Guelph were guests this week of Mr. and Mrs. Ekland.

Beverly Smith, Carol Fish, Edith Geary, Carol Landen, Janice Carter and Jean Barrett were successful in passing their life-saving society awards at St. Andrew's pool.

Mr. and Mrs. Hopkins of Guelph were weekend guests of Mr. and Mrs. Shillinglaw.

Mrs. B. A. Kellam of Kitchener visited for a few days last week with Mrs. Charles Webster.

Miss Mitchell of Orillia is holidaying with her sister, Mrs. A. M. Clarke.

Miss Ethel Graham of Toronto is the guests this week of her aunt, Mrs. T. Graham of Centre Street.

Mr. and Mrs. John Willis, son John and daughter Margaret, are on vacation. They are visiting Ottawa and will return home via Algonquin park.

(Mrs. Roy Fierheller, social editor of Aurora News Page, will be glad to receive locals and news itmes. Please phone 477m.)

CLOSED MEETING REPORT

(Continued from Page 11)

publicity. He thought that Aurora must be at the bottom of the list as far as good publicity was concerned.

The discussion finally came to an end on a motion by Councillor King, seconded by Deputy-Reeve Murray that the report be sent to the press. When the motion had been put and carried, Mayor Rose then handed out copies of his own report to the press.

Members of council taking part in the recorded vote on June 16 signed their report and it was handed to the press. It, and Mayor Rose's personal report, will be found in other columns of this issue.

VANDORF

Wesley United church Women's Association monthly meeting was held in the church on Wednesday, July 2, with a good attendance and guests from Temperanceville. Mrs. Grant Morley, the president, conducted the business period and Mrs. Cale was in charge of the devotional period.

We were very fortunate in having as our guest speaker Mrs. Butler, secretary of the building campaign of the new United church Training School of Canada in Toronto. Mrs. Geo. Anglin of Toronto introduced the speaker.

Special music was provided by Mrs. Herbert Grimshaw with Miss L. Reynolds in a piano duet. Mrs. George Fletcher sang a solo, accompanied by Mrs. Oliver. A lovely lunch was served by the hostesses, Mrs. F. Avis, Mrs. A. Richardson and Mrs. J. Petch.

Vacation school opens on Monday morning, July 14, at 9 a.m. which is to be held at Wesley church. All children of this community are invited to attend and anyone who could help with the transportation for the children will be greatly appreciated.

Mr. and Mrs. Harold Sleeth and family are holidaying at Tobermorey.

Mr. and Mrs. Robert Brown and family are holidaying at Bala.

Mr. and Mrs. Covert and son Gordon of Bradford visited on Sunday with Mr. and Mrs. H. A. Switzer.

Mr. and Mrs. Kenneth Switzer and family of Longlac visited last week with Mr. and Mrs. Switzer on their way to Halifax, N.S., and other points east.

Miss Marion VanNostrand of Sudbury spent a short time at the home of her parents and has now gone to Queen's University, Kingston, where she is taking a summer course.

Misses Joan Ewen of Holt and Marie Cutting of Newmarket spent the weekend with the Irwin family.

Miss Elinor Ewen of Holt is spending a week with her aunt, Mrs. J. Irwin, and family.

Miss Mary Arnold of Newmarket spent the weekend with Mr. and Mrs. Arthur Starr and family.

The members of the Women's Institute who are donating articles for the penny sale are asked to leave them with Mrs. Harold Dewsbury, Mrs. Bassett or Mrs. White on Tuesday, July 15.

WHAT THEY ARE SAYING

Discusses Swimming Classes And Teen-Age Club Members: Pay Tribute To Mrs. Stavert

People sure are funny! On our way to the office the other morning a business man of our acquaintance asked us quite seriously if we wrote what appears on Aurora News Page or "whether we sent notes and headings up to Newmarket for them to write them up?"

Whom he mean by "them" we never did discover. Perhaps he thought managing editor, John Meyer, did the "writing up," or at least took a hand in "touching up", or whatever it is that the gentleman had in mind. We assured our questioner that, good or bad, the writing that appears on Aurora News Page is done by the Aurora editor and by no one else.

Last year a somewhat irate member of the old arena board suggested that our comments on the board were influenced from outside. When we explained that we allowed no one to influence us in our opinions, which were based on the facts as we understood them, his reply was that we had the wrong opinions on the whole subject. He did admit, however, that there hadn't been enough meetings held.

Put the Blame On Us

Now we don't mind if anyone thinks our opinions are wrong. What we do very much mind is that such opinions as we have are regarded as somebody else's and not our own. People who make such assumptions are doing an injustice to others.

Let us make it clear once more, as we have done several times in the past, that the managing editor of the Era and Express plays no part whatsoever in the affairs of Aurora. Being the sort of man he is, he would regard it as a presumption to do so.

Aurora News Page is wholly and strictly an Aurora newspaper. We alone are responsible for what goes into it, headlines and all. If, therefore, something goes in here which does not please, put the blame on the man whose name appears at the top of this page.

Should it ever happen that we deserve a little praise, pass it on to the same quarter. Praise or blame, it's much the same to us. We've grown too old to care very much whichever way it is. What we are most concerned with is doing our job as well and as sincerely as possible. But if it's blame, please don't censure John Meyer. He doesn't carry our burden, and he is a very nice fellow.

Photograph Comment

The photograph of managing editor, John Meyer, receiving from publisher F. J. Picking the Aurora Banner "Excellence" Trophy has caused considerable mirthful comment in town. It has also brought us a note of reproof from a reader who takes us to task over the Mona Lisa smile.

"You were wrong in suggesting any similarity in the smile on the face of Mona Lisa (which I saw in the Louvre) and what is nothing less than a bursting chuckle on the face of editor John Meyer. Why he looks as though he'd burst into a loud laugh if the photographer waited much longer. You'd think he'd won the $1,000 jackpot."

Our sincere apologies to Mona Lisa.

100 Postcards Comment

In reference to what we wrote last week about the Aurora planning board ordering 100 postcards, and wondering for what purpose they would be used, a well-known citizen made this comment: "You should have guessed why the planning board ordered 100 postcards. Doubtless they're sending them out to get a vote of confidence."

Why didn't we think of that! We're slipping. Old age is catching up with us! The grey matter is getting sluggish. Or it could be that we're getting under the hot weather?

Relief form Noises

An acquaintance called at the office the other day. He said he was taking two or three days off in order to recuperate from the "noise of the kids which had got on his nerves." The "kids" were his own children.

The fatherly confession reminded us of an incident that was reported in connection with a visit of a famous Englishman, Sir Oliver Lodge, to Canada. Pressed for his impressions of his visit, Sir Oliver, who was on a lecturing tour, replied that it was not in good taste for a guest to express opinions of a country which was his host.

Finding the invitation frequently repeated Sir Oliver said there was one thing he would like to say, namely, "that he had been greatly impressed by the control Canadian children exerted over their parents." Our acquaintance appeared to be suffering from the effects of this "control."

Which Is The Worse?

Perhaps our own nerves are located too near to the epidermis, but we confess that we hardly know which is the less bearable, the loud squawks of undisciplined children, the hard barking of dogs, a loud radio let loose in one's vicinity, or the maddening roar of a motor cycle? All such noises are controllable if the owners of these varied possessions would just take some thought for their neighbors.

The rasping squeals of small children could be overcome by parents with a little thought for others. Yet some children are allowed to continue their nerve-maddening forays with sometimes a radio tuned high in an effort to drown out the human vibrations. Our only refuge in such circumstances is "to beat it fast," as the scholars say.

We have heard that some writers can work in any circumstances, perhaps on the top of a shunting goods train. We are not so lucky. Unless we can secure reasonably peaceful conditions we might as well put the lid on the top of the typewriter. Crying and squealing children soon disrupt our peace of mind. It is a needless menace, almost as bad as the juke-box. Oh, yes. We had forgotten the juke-box. It is another of the abominations.

Highlands Golf Course

The famous Aurora golf course is looking its best just now. And so is Mr. Colin Nisbett looking his best just now, as we saw for ourselves when we looked in to see him the other day at his office. We had not seen Mr. Nisbett for a couple of years or so, but when we complimented him on his youthful appearance he merely retorted: "Come off it."

When we were last on the Highlands Golf course it was only nine holes. For some time it has been an 18 hole course. Its situation is lovely, with its beautiful trees and undulating layout, the latter being a gift of nature. On Saturday, Aug. 16, the Walker Trophy will be competed for and this annual event will undoubtedly draw a large gathering of competitors and onlookers.

We were impressed by the appearance of an attractive bungalow in the final stages of erection. This will be the future home of Keith Nisbett and family. The spacious windows on the west portion of the new homestead, providing a wonderful view of the countryside, should inspire Keith to poetical interpretations of planning if and when he returns to such town activities.

Since we were last at the clubhouse Mr. Nisbett has added a new portion which is being used for luncheon service. It is capable of accommodating about 60 diners quite comfortably. During our visit the large kitchen was permeated with aromatic flavors calculated to create a sense of hunger in the most anaemic stomachs.

Town Beautification

One of Aurora's most historic landmarks, the Queen's hotel, has just emerged from a face-lifting that has left it looking a most pleasing cool grey instead of its former yellow surface. The nearly 100 years' old hotel now looks fresh and trim, although we understand there are still some final decorative touches to be added before the work is completed. Mr. Jim Murray tells us that the colors to be used for the final trim are still under discussion.

Since the members of the Junior Chamber of Commerce were out with brush and duster, a good deal of talk on town beautification has ensued. In all fairness we believe that Mr. Harry Corner is the "father" of town beautification as far as Aurora is concerned. Two or three years ago, when he was deputy-reeve, he introduced to council a valuable list of recommendations for town improvement. A large number of young maples growing on the streeets of Aurora are a testimonial to the good work he did for the town.

RECREATION COMMISSION

(Continued from Page 11)

The commission will arrange for both summer and winter sports to be held on the property. The present agreement will extend from July 1952 until June 1953.

Teen-Age Club

The recreation director, Mr. P. E. Perryment, gave a lengthy report included in which were the activities of the teen-age club and the swimming classes at Musselman's Lake.

The swimming classes, Mr. Perryment pointed out, were supervised by the recreation commission. The cost of transportation to the lake and back again is only 25c for each child. Transportation is by bus.

Concerning membership in the teen-age club, the recreation director pointed out that no discrimination existed. Any teenager could join. There was however, a reasonable proviso which enabled the executive to exclude any member who after admission was proved to be undesirable. Other than this necessary restriction any teenager was very welcome to seek admission to the club.

The explanation given by Mr. Perryment completely satisfied all members of the commission, and the press was asked to give the facts the necessary publicity. Some members of the commission had formerly questioned the conditions and status applying to membership of the club.

Valuable Work Acclaimed

Appreciation of the invaluable work carried out for the commission by Mrs. B. L. Stavert was given tangible form when Mr. J. E. Buchanan was asked by the chairman to present a travelling bag to Mrs. Stavert.

Mr. Buchanan, in the course of a tribute to Mrs. Stavert, said that her handicraft classes were unexcelled. The fine teaching services she had rendered to the work of the commission were appreciated by all. Membership of some of the classes amounted to as many as 70, and the teaching work was very heavy.

On behalf of the commission Mr. Buchanan expressed the hope that Mrs. Stavert would still find time to come to their meetings. They would always feel grateful for her valuable advice. He trusted she would find pleasure in the travelling bag.

In the course of a very charming reply, Mrs. Stavert thanked the commission for their gift which, she said, was quite unexpected.

Commenting on the handicraft classes which she had conducted, Mrs. Stavert said that while the work was sometimes heavy she had always found very great pleasure in it. She commended the quality of the pupils who had joined the classes.

Mrs. Stavert assured the commission that her interest in its work would be as keen as ever and that she would be glad to be of future service in any way possible to her. She wished the commission all future success.

At the conclusion of her remarks the members of the commission gave Mrs. Stavert a hearty round of applause.

Swimming Exhibition

Mr. Buchanan paid tribute to Mr. Perryment for the swimming exhibition held at St. Andrew's college.

At the conclusion of other business the meeting adjourned at 10 p.m.

Want to Keep YOUR Freedom?

We like to sing about this Canada of ours being "the true North rising free." It is a fine sentiment, and on the whole it has been quite true.

But our freedom is a thing which needs constant care lest it die here as it has died in so many other countries throughout history.

We cannot enjoy true freedom as a people unless we insist upon personal freedom. We lose personal freedom, and so contribute to the downfall of all freedom, every time we ask Government to plan or regulate our lives.

Collective bargaining; the right to dispose of our services and our property as we see fit; the right to freedom of assembly, speech and worship—all these we enjoy because freedom-loving individuals fought and, if necessary, died for them.

If we want to keep our freedom we must have the same courage and resolution.

CHRISTADELPHIAN

BIBLE PROPHECY CONCERNING ARMAGEDDON

In Amos 3:7 it is written: - "Surely the Lord God will do nothing, but He revealeth His secret unto His servants the prophets." Therefore the prophets reveal what will transpire in these latter days. In Ezek. 38:1-2, God tells the prophet to set his face against Gog, the god of Magog, the chief prince (Prince of Rosh R.V.); Meshech and Tubal. Associated with Gog are Persia, Ethiopia and Libya, Gomer (France); and the house of Togarmah, and many people, all heavily armed. Rosh is the ancient name for Russia; Meshech and Tubal appear to correspond with Moscow and Tobolsky. This power is depicted as coming from the north against Israel. In v. 7, Gog is told: - "Be thou prepared and prepare for thyself, thou and all thy company . . . and be thou a guard unto them." Russia has been steadily preparing armaments and expanding himself, thus answering to this picture. Russian designs on Persia and Turkey are apparent, and Israel lies in close proximity to these two countries.

The Jewish people have been going back to Israel in increasing numbers, fulfilling the words of Ezekiel in vs. 8 and 12, where they are shown as having cattle and goods, and dwellings in the midst of the land.

The merchants of Tarshish and the young lions thereof, and also Sheba and Dedan (Aden) are indicated in v. 13 as opposing this Russian confederacy. Who has not heard of the British lion and her young lion colonies? Thus she addresses Russia - "Art thou come to take a spoil? hast thou gathered thy company to take a prey? to carry away silver and gold, to take away cattle and goods, to take a great spoil?"

Britain, however, is not the one to quell the Russian thrust on Palestine. It is divine power that squashes Russia's ambitions, for we read in vs. 22 and 23: - "I will plead against him with pestilence and with blood; and I will rain upon him and upon his bands, and upon the many people that are with him, an overflowing rain and great hailstones, fire and brimstone. Thus will I magnify Myself and sanctify Myself; and I will be known in the eyes of many nations, and they shall know that I am the Lord."

In Dan. 11:40-45, we learn more of this conflict in Israel with Russia spoken of as the king of the north, who will gain possession of the treasure and precious things of Egypt, and the Libyans and Ethiopians will be at his steps. "He shall enter also into the glorious land, and many countries will be overthrown . . . He shall stretch forth his hand also upon the countries: and the land of Egypt will not escape . . . but tidings out of the east and the north shall trouble him . . . yet he shall come to his end and none shall help him."

The battle of that great day of God Almighty is portrayed in Rev. 16: 14, 16: - "And He gathered them together into a place called in the Hebrew tongue Armageddon". See also Joel 3: 9-16.

For greater detail on this vital subject, read "What Lies Ahead" obtainable from Thomas H. Briggs, R. R. No. 1, Keswick.

King City And District

MRS. LAURA ROLLING, CORRESPONDENT, PHONE KING 8

Speed Trap for King City

King township council promised to secure a speed trap to be set up in King City when village trustees met with council at a special meeting at Nobleton on Monday night. This followed a request from the village last year.

"This is good news," said one mother.

Fire Fighting Equipment

The question of extra fire protection for King City is pertinent. When King township council was asked what is would do in the matter, Reeve Elton Armstrong said: "We would be happy to have you equipped but how much money have you?"

He advised village trustees to see a demonstration of a small pumper which is used by the Department of Lands and Forests at Vivian reforestation area. "I have seen this type of small machinery used there and it did a good job. Attached to village hydrants and using three or four hoses with fog nozzles, it is capable of sending a stream of water a long distance. At Vivian it was sending water well over the tops of trees, and was drawing water from a creek. The outfit costs about $250 and is very easily carried. With the stand tank in the village, the pumper should give a lot of service."

There is plenty of water pressure now, said Crawford Wells. "We are gettting 100 gallons to the minute and using it all throughout the daytime. At night the tank fills up. At the time of Green's fire, the pressure was less than half that amount." A new transformer will be installed. Trustees agreed to seek a demonstration of the pumper.

Want Keele St. N. Improved

When village trustees asked council what would be done to improve north Keele St. as far as the school, they were told the council could not afford to hard surface the road. The village treasury cannot afford the expense either, trustees said.

What can be done and should be done right away is to ditch the roadsides, gravel and oil the roadway, said Mr. Wells. The amount of traffic on Sundays alone demands an immediate improvement.

Road superintendant Chalmer Black will confer with the trustees and they will work out the plan together.

When trustee D. M. Findlay sought advice from council regarding road improvement on Dew St., he was assured by the reeve, that the building inspector would be advised not to issue building permits where there is no road improvement.

King City trustees will don their best bib and tucker on Monday evening, July 28, and pose for their photo which will be taken at the regular session. It will be framed and hung in the township office at Nobleton. Trustees of Schomberg and Nobleton will also be asked by Reeve Armstrong to be photographed.

Coming Brides Feted

There has been much ado about town as young ladies prepare for their weddings this month. Their friends are almost as busy as the bride-elects, with showers and a trousseau tea.

On Wednesday evening, July 2, a shower given by friends at the home of Mrs. George Billings, was held in honor of Miss Pat Wilson, whose marriage to Howard Case of Barrie will take place at King United church on Saturday evening, July 12, at 8 p.m. Pat is the daughter of Mr. and Mrs. M. A. Wilson of King City and has a host of friends wishing her happiness.

Her sister Ruth, who will be her bridesmaid, assisted with the gifts under pink and white decorations in the living room.

A luncheon set for six was a group gift while a blue woollen satin-bound blanket came from another group of friends. There was also a number of miscellaneous gifts. Refreshments were served afterward. Mrs. Wilson, JoAnne and Ellen Wilson were among the guests.

Miss Wilson has had several festivities held in her honor. Her friends where she was employed gave her a golfing party and a tea when gifts were bestowed upon her. Last week a family party of 25 met at the home of her aunt, Mrs. Elmer Hadwen of Maple, to give her a white and black bathroom shower, and other miscellaneous gifts.

Trousseau Tea

On Saturday afternoon and evening, July 5, Mrs. Wilson held a trousseau tea for her daughter, attended by a very large number of friends. Mrs. Wilson received, assisted by Pat and Mrs. R. A. Fleming, mother of Howard Case, the groom-elect. Pat is the fourth daughter of the seven daughters of Mr. and Mrs. M. A. Wilson to become a bride. Assisting in the trousseau and gift rooms and in the tea room were her sisters, Evelyn Sim, Jean Dique, Marie Adjey, Ruth, JoAnne and Ellen, and Ruth Ferguson, Helen McClellen, Louise Kelley Wilson, Mary Jane Walker, schoolmates of Pat.

At the tea table, adorned with a cutwork linen cloth, flowers and tapers, Mrs. H. Rogers of Woodbridge, Mrs. Jennie Marshall of Toronto, Mrs. Elizabeth Riddell of Detroit, and Mrs. Mae Walker, aunts and great aunts of Pat, poured tea in the afternoon. During the evening, Mrs. George Case, of Aurora, the groom's grandmother, and his aunt, Mrs. Murdock Ferguson, from Toronto, presided. At the tea were 30 young women of Toronto, special friends of Miss Wilson who had entertained her previously.

On Thursday evening, July 3, a group of friends and neighbors arranged a shower for Miss Barbara Wells at the home of Mrs. John Grew. Mrs. Fred Dent arranged the decoration and the gifts were taken from a decorated clothes basket bearing a card, "happy washings".

Barbara is the daughter of Mr. and Mrs. Gordon Wells of King City and will marry Charles Bruce McInnes, son of Mr. and Mrs. Charles McInness of Sheffield, Eng., on Saturday, July 19, at 2 p.m., in All Saints' Anglican church.

Seated beside her sister was Norma Wells, who will be one of the attendants at the wedding. As the gifts were opened the cards were read by Norma. There were many beautiful gifts.

Miss Wells thanked her friends for their tokens of friendship. She was unaware of what was to take place and the shower was a pleasant surprise. She wore a corsage of flowers for the occasion and was surprised to find that her former neighbors who live in Toronto had come to King for the eveaing. They were Barbara Shaw, who will be her bridesmaid, and Mrs. Shaw, Mrs. Bill Reid and her daughter, Mrs. Ken. Broughton. Also present was the mother of her girl friend, Mrs. George Murray of Toronto.

Refreshments were served. Mrs. Dent and Mrs. A. E. Jarvis poured tea.

Eversley Picnic

Eversley community picnic will be held at Woodland Park on Thursday, July 17. All cars to be at the park by 12.30 noon for lunch at 1 p.m. On Wednesday, July 23, All Saints Sunday School and congregational picnic will be held within easy reach of the village. Further announcement.

Every member of King City W. I. is requested to bring two pies to the refreshment booth which the branch will conduct at the Lake Marie Carnival and Dance in the village park on Wednesday, July 16.

Teacup Reading at Carnival

Visitors to the annual carnival and dance to be given by Lake Marie and King Athletic Assoc. at King City Wednesday, July 16, can have their tea cups read by a professional artist, "Madam Butterfly". Dr. Wm. Phair has also consented to give the young wrestlers a medical check up before they enter the ring, when King City will compete with Aurora in seven bouts at 8.30 o'clock. The Brampton Highland Pipe Band will be on the park grounds at 7 p.m. and will also parade. President George Brown anticipates a record attendance this year, (with good weather on hand). The 13 draws are exceptionally good, the first being a T-V set. Carnival booths and a dance will form part of the big night. Proceeds are for Community Hall Fund. That has a special appeal this year as that goal seems to be within sight.

Mr. and Mrs. Frank McKay and children of Detroit spent three days at the home of Albert and Maisie Richards, 5th line. They left Susan, aged 12 and Dennis 9, with Miss Richards for the summer vacation. Mr. McKay's father, William McKay, lives at the Richard's home. The visitors also visited Mr. John Ireland at Schomberg and called at the home of Mr. Lorne Scott.

Farewell Evening

At the home of Mrs. George Harvey on Monday evening, a surprise party was given for Mrs. David Lewis by her friends who met to wish her good luck as she leaves the village next Wednesday. She was presented with a pair of fine china cups and saucers as a remembrance of her stay here. Mrs. Lewis and her husband, Dr. Lewis, have resided at King City for nearly a year. Their son, David, was born after they came here. Dr. Lewis left on June 30 for Johns Hopkins hospital, Baltimore, Maryland, where he has entered his third year post graduate work. He is assistant resident intern at the Sir Henry Phipps clinic.

Mrs. Lewis with David and her sister, Miss Anne Jefferson of Toronto, are going to Montreal on a visit and afterward will go to Rothesay, N.B., where Mrs. Lewis and David will spend a month or so with her mother. Then they will join the doctor at Baltimore.

Mr. and Mrs. Ernest Wald of Strassbourg, Sask., spent several days at the home of Mr. and Mrs. John Norris. They came by plane and Mr. Norris motored them to Oshawa to pick up their new car. They all spent the weekend enjoying the car and left on Tuesday morning for home.

While motoring on the new Barrie highway about 7.30 Sunday evening, Mr. and Mrs. Harvey Folliott counted 900 southbound cars in 15 minutes between Wilson Ave. and King sideroad.

King Township Council Briefs

Members of King township board of health, of council, and building inspector Chas. Ross will meet with C. A. Meadows, operator of the Oakridge Park subdivision at Oak Ridges, to decide on the suitability of the lots for building purposes. The conference will be held in the near future on the site of the subdivision. A number of these lots have been sold with homes built on some.

Earlier a building ban on the subdivision was established by council until the provincial department of health had investigated this property which has caused concern to lot holders and the township council.

A report of an investigation made by the provincial department of health recommends that the local M.O.H. has the responsibility to deal with installation of septic tanks and under the public health act it is his duty to insure that these systems be put in under conditions giving favorable results.

The report of the investigation spoke of complaints from the local board of health regarding water supply from wells. Mr. Meadows has plans for installing one well to serve five homes which have been given the "approval of the department of health of the province".

There is no such plan showing a system of dug wells in the township office at Nobleton. The clerk has a plan indicating the subdivision lots. "We have only one plan to go by and that is the one without the dug well system and that is what we must use in our investigation," said the reeve, "although we are aware Mr. Meadows has the water system plan himself."

It would seem, according to the provincial department's opinion, that the general arrangement insofar as water works system is concerned appears to be satisfactory.

The chief point of interest appears to centre about several lots of the subdivision that are in low land and subject to flooding. Ground water here, the report states, is close to three feet from the surface of the ground. "This low lying land is definitely unsuitable for subdivision purposes unless the area had a properly designed sewage disposal system.

"I must have knowledge of all lots that should not be used. Some already sold for building purposes will have to be cancelled if they do not meet with approval of the M.O.H.," said building inspector C. H. Ross.

Public Dump Will Be Closed

Council approved a resolution to close the King township public dump on Mulock sideroad. It is located midway between the 2nd and 3rd concessions and was purchased for $200 in 1943. Necessary public signs will be posted to that effect. Council will secure another location at once.

The decision was made following complaints from the provincial deputy fire marshal that the scene of this refuse is a fire hazard. A blaze there a few weeks ago took Aurora fire department five hours to extinguish.

Attendance Officer Resigns

The resignation of Stanley Proctor as King township school attendance officer, which took effect at the end of June, leaves a vacancy which will be filled by the first of September. Mr. Pringle succeeded the late Arthur Wellesley a little over two years ago.

Explore Conservation Scheme

The Humber Valley Conservation Authority will explore the possibilities of setting up a natural resources conservation scheme in the southern part of King township, extending from Oak Ridges, at Yonge St., west through the township.

The farm planning and land use advisory board to the H. V. C. authority, of which Reeve Elton Armstrong is vice-chairman, will hold a meeting at Nobleton and tour the area and visit Lady Eaton's farm. They will first lunch at the home of Mrs. Hambly, Nobleton, before proceeding on the tour. Werden Leavens of Bolton is chairman of the authority and Eric Baker is vice-chairman.

$22,000 Debentures

School section 19, Nobleton, has contracted with Louis Stephens of Newmarket to build a second classroom and make repairs and improvements to the school property.

The second reading of a by-law for borrowing a sum not exceeding $22,000 was given by council for this purpose. It will be forwarded to the Ontario Municipal Board for its approval prior to the third reading by council.

The school population has increased and the one room has been overcrowded for the past couple of years. Trustees are hopeful that the new room will be ready by September, R. J. McTaggart, secretary, stated. Mr. Bennet is principal of the school.

Mr. and Mrs. T. C. Noble and son Tom are on two weeks' vacation at Springfield, Mass., where they are visiting Mr. Noble's brothers and sisters and others of his family. They travelled by bus and will return this Saturday.

Mr. and Mrs. Adam Davidson, and daughters, Rosemary 6, and Heather 3, have come from Toronto to live in an apartment in Mrs. A. Wellesley's home until the new home which is being built in the Kingsview subdivision, King St. West, is completed. Bayliss contractors are doing the work, which will be completed early this fall. Mr. Davidson does experimental work at De Havilland Aircraft.

Mrs. Arthur Wellesley has received word that a daughter, Catherine Louise, was born to Mr. and Mrs. Morris McKinnon of Maccan, N.S. (Blanche Wellesley) on Friday, June 27. Their eldest child, Susan, is two years old. Mrs. Wellesley's son, Herb of Toronto, expects to move with his wife and children, Kenneth and Barbara, to California.

Mr. and Mrs. Alex Campbell and sons motored to Nottawasaga last Thursday after their friends, Mr. and Mrs. Sam Harvey, left for their home in British Columbia. They returned on Friday. This week they had guests from Cleveland, Ohio, Mrs. Ruth Tankard, Alex's sister, and her husband Larry. They are also visiting Ruth's mother in Toronto and her sister at Weston. Mrs. Campbell, Sr., will return with them when they leave for home.

Miss Marie Ball of St. Joseph's hospital, Toronto, is enjoying her vacation at the home of her parents, Mr. and Mrs. James Ball at Eversley. Marie is medical nursing instructor at the hospital. Nancy Ball, her sister, in training at the same institution, will be coming home this week for her vacation.

Mrs. W. J. Folliott and children, Billie and Joan of Cincinnati, Ohio, are holidaying with her mother-in-law, Mrs. Elizabeth Folliott at Eversley. Mr. Folliott motored them here last Friday, returning the following day. He will return early in August for holidays. While here, the visitors will spend some time with Mrs. Folliott's mother in Toronto.

Carol Baisely of Eversley spent two weeks of her vacation time at the home of her aunt, Mrs. Andy Crawford, at Guelph. Her parents, Mr. and Mrs. Geo. Baisely, motored to Guelph to bring her home, spending the weekend there. Carol, who is 14, won several prizes at the recent competition in domestic science held in connection with Aurora Horse show.

During Dominion Day weekend, Mr. and Mrs. Arthur Fleet and children took a long holiday to Rochester, N.Y., where Mrs. Fleet found the Canadian dollar very much in the dog-house. At some stores four and five cents premium was charged. She left her purchases and walked away without them to find a more friendly and appreciative atmosphere.

Modern mechanized equipment has made "muscle-farming" out-of-date

Do it with machines—not with muscles—is the modern concept of farm operation. The work can be done easier, quicker, better, and at less cost the machine way—and there is less worry and less expense when you use machine help instead of inexperienced and costly labor. No man who has experienced the many advantages of operating with modern equipment would want to go back to the days of "muscle-farming."

Some of the greatest advances in mechanization in the history of agriculture have been made in recent years. Your Massey-Harris local dealer will be glad to give you full details of the complete line of Massey-Harris modern farm machines.
